

Michael Johnson

Registered Nurse

📞 (217) 555-0198 ✉ michael.johnson@email.com 🔗 linkedin.com/in/michaeljohnson 📍 1234 Maple St, Springfield, IL 62701

SUMMARY

Dedicated Registered Nurse with over four years in Cardiac Telemetry and strong commitment to patient-centered care. Proven ability to collaborate effectively in high-pressure environments, delivering exceptional healthcare services. Skilled at assessing patient needs, managing critical care, and leading teams to enhance patient outcomes. Embraces professional development opportunities and actively participates in innovative nursing practices. Eager to contribute expertise to a progressive organization focused on improving the quality of life for patients. Excited about joining a team that values growth, teamwork, and excellence in care.

EXPERIENCE

Registered Nurse

HeartCare Medical Center 📅 March 2023 - Present 📍 Peoria, IL

Oversee nursing care for patients within a dynamic cardiac telemetry unit, providing comprehensive treatment but ensuring adherence to safety standards. Participate in ongoing training for new staff members while collaborating with diverse healthcare teams.

- Deliver high-quality care to patients experiencing acute cardiac conditions.
- Collaborate with multidisciplinary teams to create and execute personalized care plans.
- Lead educational initiatives for patients and families about health management.
- Support training of newly hired nursing personnel.

Staff Nurse

Wellness Hospital 📅 June 2021 - February 2023 📍 Champaign, IL

Provided holistic patient care with a focus on monitoring and intervening in critical situations. Engaged consistently in quality improvement efforts while fostering interdepartmental relationships that enhanced overall care effectiveness.

- Monitored vital signs and changes in patients' conditions in a dedicated telemetry unit.
- Implemented evidence-based practices directed at enhancing patient care delivery.
- Participated in ongoing education sessions emphasizing nursing excellence.
- Engaged with peers in continuous quality improvement initiatives, driving impactful changes.

Nursing Intern

Springfield Regional Medical 📅 January 2020 - May 2021 📍 Springfield, IL

Supported seasoned nurses by delivering direct patient assistance and observing robust nursing procedures, which solidified foundational skills and understanding essential patient care processes.

- Aided nursing staff in providing attentive care and executing daily operational tasks.
- Obtained first-hand exposure to patient monitoring techniques during clinical rotations.
- Assisted in maintaining thorough and accurate documentation of patient information.
- Developed interpersonal communication skills through regular interaction with healthcare teams.

LEADERSHIP & AWARDS

- Recipient of the Compassionate Care Award for outstanding patient advocacy, 2025.
- Recognized for Excellence in Team Collaboration at HeartCare Medical Center, 2024.
