EXPERIENCE

Registered Nurse

HealthBridge Solutions 📅 March 2024 - Present 📍 Aurora, IL

Currently providing care coordination for a diverse caseload, ensuring adherence to individual care plans. Regular consultations with healthcare professionals ensure tailored approaches for optimal patient outcomes. Conducting thorough assessments helps identify needs and establish effective management strategies. Empowering patients through motivational interviewing techniques serves as a cornerstone of my practice.

- Facilitating collaboration among multidisciplinary teams enhances overall patient care.
- Conducting detailed assessments ensures identification of critical needs on time.
- Implementing care plans with precision aids in monitoring progress effectively.
- Utilizing motivational interviewing empowers and engages patients actively.

Registered Nurse

CareWell Community Health 📅 June 2022 - February 2024 📍 Naperville, IL

Assisted in care management focusing on patients with chronic illnesses, facilitating access to essential resources and educational support. Establishing strong relationships with patients created trust, helping them comprehend their care plans fully. Ongoing follow-ups allowed for timely adjustments to improve health outcomes significantly.

- Built meaningful connections with patients and families, providing necessary education.
- Implemented continuous assessment models to track improvements in patient health.
- Facilitated regular interdisciplinary meetings focused on optimizing patient outcomes.
- Coordinated resources effectively to assure patient accessibility to relevant services.

Nurse Intern

Bright Horizons Health 📅 January 2022 - May 2022 📍 Chicago, IL

Supported nursing staff while caring for patients, ensuring all daily activities flowed smoothly. Gained hands-on experience in assessing patient needs, which prepared me for independent roles in nursing settings. Participating in both documentation procedures and engagement efforts helped maintain continuity of care throughout assignments.

- Assisted nursing personnel by measuring vital signs and supporting daily functions.
- Engaged directly with patients, prioritizing education on health management.
- Participated in thorough documentation processes ensuring accurate records.
- Contributed insights during team meetings to foster collaborative thinking.
