### SUMMARY

Compassionate Registered Nurse Educator with over four years of critical care experience. Expertise lies in assessing educational needs, developing programs, and evaluating learning outcomes to enhance nursing competencies. Proven collaborator, fostering partnerships among healthcare professionals, enhancing patient care standards through strategic education initiatives. Committed advocate for continuous workforce development, ensuring compliance with competency standards while supporting nursing licenses. Dedicating focus on cultivating training that not only meets hospital requirements but also elevates staff performance, leading to improved patient care outcomes throughout the organization.

### EXPERIENCE

#### Registered Nurse Educator

Healthcare Solutions Inc. 📅 June 2024 - Present 📍 Racine, WI

Responsible for enhancing nursing educational practices and clinical competency at Healthcare Solutions Inc., guiding the development and evaluation of educational programs across multiple departments. Focuses on aligning educational content with evidence-based best practices and essential regulatory requirements.

- Collaborated with clinical staff to assess educational needs, driving improvements in competence through targeted training.
- Developed nursing plans utilizing evidence-based methods to elevate staff learning and achieving program goals.
- Implement evaluation tools to measure educational program effectiveness, contributing to increased knowledge retention.
- Consulted on NPD program design, integrating institutional competencies with national guidelines.
- Oversaw inter-professional performance standards, enhancing collaborative practice while advocating maximum licensure utilization.
- Pioneered online learning modules, responding flexibly to workforce education demands and access barriers.

#### Staff Nurse

St. Mary's Hospital 📅 January 2022 - May 2024 📍 Kenosha, WI

Held a vital role in delivering high-quality patient care within a busy critical care setting, providing critical assessment and rapid intervention for diverse patient needs. Offered educational support for nursing staff to maintain compliance with clinical protocols and best practices.

- Delivered attentive patient care within critical care environments while swiftly adjusting treatment plans as required.
- Assisted in delivering educational in-services for nursing staff centered around critical care protocols, enriching departmental knowledge.
- Actively participated in multidisciplinary rounds, facilitating team discussions aimed at improving individual patient outcomes.
- Engaged in quality improvement projects focused on enhancing patient safety measures and reducing preventable infections.
- Mentored new nurses, nurturing their adjustment into high-pressure clinical settings by providing supportive guidance and insight.
- Ensured accurate, timely documentation of patient care activities to uphold regulatory standards and hospital policies.

### LEADERSHIP & AWARDS

- Awarded Employee of the Month for outstanding dedication to patient care and nursing education.

## MY CAREER

● Registered Nurse Educator at Healthcare Solutions Inc. (2 Years)

● Staff Nurse at St. Mary's Hospital (2.3 Years)

- Recognized by peers for excellence in program development and interprofessional collaboration within nursing education.
