### SUMMARY

Compassionate Registered Nurse with three years of experience in emergency care. Skills include administering medications, interpreting diagnostic results, and providing quality patient education. Competent in establishing rapport with patients to assess physical and mental needs. Known for effective communication, particularly utilizing SBAR methodology, delivering safe, empathetic care even under pressure. Committed to professional growth through workshops while supporting a harmonious, informed healthcare environment. Passionate about advocating for patient rights and maintaining high standards that ensure satisfaction and well-being.

### EXPERIENCE

#### Registered Nurse

Care First Health Services  January 2024 - Present  Chicago, IL

Serve as a Registered Nurse in a fast-paced ER environment focused on enhancing patient outcomes. Collaborate across disciplines to address diverse healthcare needs, ensuring compliant and compassionate patient care.

- Administer medications accurately and monitor vital signs within an emergency care context, promoting safety and effectiveness.
- Collaborate with physicians and multidisciplinary teams to formulate comprehensive assessments and care plans tailored to each patient.
- Educate patients and families thoroughly about treatment options and self-care practices for better health management.
- Maintain adherence to hospital policies and industry standards to guarantee the best quality of care.

#### Nursing Intern

Citywide Medical Center  June 2023 - December 2023  Chicago, IL

Assisted seasoned nurses and healthcare professionals while gaining hands-on experience in pre-hospital settings emphasizing patient-centered care.

- Participated actively in patient assessments and documented critical patient data for accurate healthcare delivery.
- Facilitated initiatives aimed at bolstering health literacy, working closely with nursing staff to enhance understanding among patients.
- Coordinated care efforts with various departments, enhancing interdepartmental communications leading to improved patient experiences.
- Developed organizational skills through documentation preparation and patient education materials.

### LEADERSHIP & AWARDS

- Employee of the Month for exceptional teamwork and patient feedback, March 2025
- Volunteer Award from Save Health Initiative for community health awareness participation, January 2026
