Engages professionally with healthcare teams, conducting thorough evaluations to continually adapt care plans and improve overall patient outcomes.

EXPERIENCE

Registered Nurse

Health First Home Care 📅 June 2021 - Present 📍 Chicago, IL

Overseeing holistic patient care for a diverse caseload, implementing effective assessment methods while collaborating with multidisciplinary teams ensures quality compliance and outcomes in home health settings. This role emphasizes leadership, adapting care plans according to the evolving needs of each patient for improved health trajectories.

- Provide comprehensive home health assessments and develop tailored care plans focused on individual patient needs during visits.
- Coordinate with interdisciplinary teams to craft and refine patient-centered goals, ensuring collaborative care approaches.
- Document all care activities accurately in EMR systems to maintain regulatory compliance and facilitate ongoing care enhancements.
- Educate patients on chronic disease self-management techniques and medication adherence for better health outcomes.
- Mentor LPNs and CNAs, overseeing compliance with standard care delivery protocols while supporting their professional development.
- Participate in quality improvement initiatives that aimed at boosting patient satisfaction and overall clinical success measures.

Registered Nurse

Care Plus Home Health 📅 March 2019 - May 2021 📍 Evanston, IL

Delivered patient-centered nursing care primarily aimed at rehabilitation in a home setting. Focused on enhancing patient recovery processes while facilitating teamwork exceptional outcomes and improving caregiving standards across the board.

- Delivered compassionate nursing services focused on rehabilitation and recovery for patients in their private homes.
- Conducted initial assessments and maintained regular follow-ups to ensure comprehensive monitoring of patient progress.
- Educated patients and families about health maintenance and safety practices, fostering understanding and compliance.
- Collaborated effectively with healthcare providers to coordinate comprehensive services, providing seamless continuity of care.
- Managed and meticulously documented care in alignment with state regulations, contributing to improved operational efficiency.
- Engaged in training sessions to elevate service delivery standards across the organization, positively impacting team engagement.

Registered Nurse

Bright Future Health Services 📅 January 2017 - February 2019 📍 Skokie, IL

Provided direct patient care in varied home environments, emphasizing patient satisfaction through personalized care methodologies while establishing community connections to promote health awareness and preventive practices.
