SUMMARY

Compassionate Registered Nurse with extensive experience in Labor and Delivery. Proven track record of providing high-quality patient care through tailored assessments, planning, and interventions. Deeply committed to collaborating with multidisciplinary teams to ensure the best possible outcomes for patients. Utilizes evidence-based practices to guide treatments while fostering trust with patients and families. Skilled in maintaining accurate documentation and evaluations to support continuous improvement in nursing protocols. Enthusiastic about community health initiatives and dedicated to professional development.

EXPERIENCE

Registered Nurse - Labor and Delivery

HealthFirst Medical Center 📅 January 2022 - Present 📍 Chicago, IL

Oversaw nursing operations in the Labor and Delivery unit supporting healthcare excellence. Collaborated closely with obstetricians and support staff to enhance patient satisfaction. Delivered individualized patient care plans aiming for optimal recovery and well-being.

- Provided comprehensive nursing care to laboring patients, employing evidence-based strategies for improved outcomes.
- Collaborated with multi-disciplinary teams including obstetricians, pediatricians, and anesthesiologists to coordinate care.
- Educated patients and families about labor processes, newborn care, and postpartum health considerations.
- Transformed tracking systems for patient documentation leading to notable improvements in response times.
- Actively participated in committees focusing on initiatives to elevate standards of care for expecting mothers.
- Monitored fetal heart rates and took action based on findings to ensure safety during labor.

Registered Nurse - Inpatient Care

Riverbend Hospital 📅 June 2020 - December 2021 📍 Aurora, IL

Delivered expert acute care within a dynamic facility emphasizing efficiency and patient-centric practices.

- Conducted detailed nursing assessments while collaborating well with diverse healthcare teams.
- Developed actionable patient care plans that catered to individual needs and promoted swift recoveries.
- Enhanced training programs for new nurses integrating essential skills and compliance protocols.
- Led quality improvement projects impacting overall patient satisfaction metrics positively.
- Facilitated teamwork within the unit fostering open communication and shared problem-solving.
- Managed resources effectively, ensuring timely availability of medical supplies.

Nurse Intern

Springfield Health Services 📅 January 2019 - May 2020 📍 Springfield, IL

Supported direct patient care processes while building significant practical nursing competencies across various departments.

- Assisted registered nurses in diverse patient care, acquiring critical assessment skills and in-depth knowledge.
- Engaged in teaching patients about health management, wellness strategies, and therapeutic regimens.
- Contributed insights during care meetings helping improve treatment plans and patient interactions.
- Participated in simulations intensively enhancing practical nursing abilities and clinical decisions.
