

Ali Myers

Registered Nurse Manager, Child and Adolescent Psychiatry

📞 (734) 555-1842 ✉ ali.myers@example.com 💼 linkedin.com/example/alimyders 📍 Ann Arbor, MI 48104

SUMMARY

Registered Nurse Manager with five years of nursing experience through September 2026, including progressive leadership in inpatient behavioral health and child and adolescent psychiatric care. Michigan licensed RN with a **Bachelor of Science in Nursing**, active Michigan driver license, **medication administration** expertise, charge nurse coverage, and practical knowledge of safe psychiatric operations. Coordinates **twelve hour shifts**, guides registered nurses and behavioral health technicians, responds to behavioral crises, and maintains accurate clinical documentation. Supports youth focused therapeutic care, **interdisciplinary treatment planning**, family communication, medication safety, admissions, transfers, and unit workflow decisions. Calm clinical judgment, culturally responsive care, clear handoffs, and consistent patient safety practices support dependable outcomes. Ready to combine direct nursing care, staff guidance, and shift administration at Northbridge Behavioral Health Center.

EXPERIENCE

Registered Nurse Manager, Adolescent Behavioral Health

Lakeshore Youth Behavioral Center 📅 January 2025 - Present 📍 Ann Arbor, MI

Leads nursing operations for a 24 bed adolescent **behavioral health** unit, combining direct assessment and medication administration with shift coordination, staff guidance, crisis response, and unit administration. Supports safe care delivery across changing acuity, observation needs, admissions, transfers, and treatment priorities.

- Directed twelve hour nursing coverage for a 24 bed adolescent unit, sustaining safe therapeutic operations.
- Assigned **registered nurses** and **behavioral health technicians** by acuity, observation status, admissions, and treatment needs.
- Applied de escalation practices and individualized **safety plans** during **behavioral crises**, protecting dignity and unit safety.
- Reviewed medication records and controlled medication processes, resolving discrepancies before continuity of care suffered.
- Coached nurses through case review on psychiatric assessment, therapeutic boundaries, **family communication**, and documentation.
- Supported admissions, transfers, staffing changes, and high acuity periods through clear interdisciplinary coordination.

Psychiatric Registered Nurse, Inpatient Behavioral Health

Maple Ridge Psychiatric Services 📅 July 2021 - December 2024 📍 Grand Rapids, MI

Provided inpatient **psychiatric nursing** for adolescent and adult patients while serving as relief charge nurse during evening and overnight rotations. Combined assessment, **medication administration**, safety monitoring, treatment documentation, patient education, and interdisciplinary communication across changing clinical conditions.

- Delivered inpatient psychiatric assessments, medication passes, safety checks, and treatment plan documentation for patients.
- Served as relief **charge nurse**, organizing assignments and priorities with support staff and on call providers.
- Evaluated status after medication changes or acute events, escalating clinically significant findings to prescribers.
- Used trauma informed communication and de escalation during agitation, self harm risk, and interpersonal conflict.
- Prepared **handoffs** covering risk status, medications, observations, family concerns, and transition needs.
- Shared nursing observations during interdisciplinary rounds, strengthening education about medications, coping, and follow up care.

PROJECTS

Youth Psychiatric Safety Workflow 📅 2026

Mapped observation, handoff, medication, and escalation workflows for adolescent care. The work centered on clearer communication, safer transitions, and respectful support during vulnerable moments.

Behavioral Health Shift Coordination 📅 2025

Created a practical shift coordination model linking acuity, assignments, admissions, and support coverage. Approach helped staff see priorities clearly during demanding psychiatric operations.

LEADERSHIP & AWARDS

- Recognized for dependable charge nurse coverage during evening and overnight psychiatric operations.
- Selected by peers as a trusted resource for adolescent crisis response and medication safety.
- Commended for calm clinical judgment, clear handoffs, and respectful family communication.

EDUCATION

Bachelor of Science in Nursing

Eastern Michigan University 🎓 GPA: 4.0 📅 2021 📍 Ypsilanti, MI

Coursework: *Psychiatric Nursing, Pharmacology, Health Assessment, Community Health Nursing*
