STRENGTHS

- ♥ **Patient-Centric Focus**
Prioritized patient needs through customized care plans that fostered healing and trust. Families felt genuinely supported during complex treatments.
- 🗣 **Effective Communication**
Utilized clear verbal and written communication skills to ensure all stakeholders received necessary updates. Peers often sought assistance in resolving issues.
- 👥 **Collaborative Team Player**
Integrated seamlessly into interdisciplinary teams, contributing ideas and solutions. Developed strong relationships with colleagues across departments.
- 📈 **Quality Improvement Mindset**
Actively participated in initiatives aimed at enhancing the quality of care. Contributions led to measurable improvements in patient satisfaction metrics.
- 🔄 **Adaptability**
Thrived in dynamic environments, adapting quickly to changing patient needs. Eagerness to learn from every situation contributed to professional growth.

SKILLS

Patient Assessment
Care Coordination
Family Education
Quality Improvement
Nursing Standards
Team Collaboration
Clinical Documentation
Medication Administration
Healthcare Regulations

SUMMARY

Compassionate and detail-oriented Registered Nurse with over two years in neonatal intensive care. Able to provide high-quality patient care through effective assessment, planning, and implementation of care strategies. Strong commitment to continuous professional development and improving patient outcomes. Skilled in collaborating with interdisciplinary teams and individualizing care plans to meet diverse patient needs. Eager to enhance patient experience while ensuring safety and comfort during critical situations.

EXPERIENCE

Nursing Intern

University Research Lab 📅 June 2025 - Present 📍 Chicago, IL

Support clinical decision-making by conducting comprehensive patient assessments and documenting health data. Work alongside healthcare providers to develop individualized care plans for NICU patients, promoting optimal recovery and family understanding.

- Conduct thorough patient assessments and document relevant health data promptly.
- Collaborate with diverse healthcare teams to implement tailored care strategies.
- Educate families on identified care protocols and effective management techniques.
- Contribute insights for quality improvement projects aimed at enhancing nursing practices.
- Stay current with evolving nursing standards and regulations through continued education.
- Assist in administering medications and treatments under supervision, ensuring protocol adherence.

Nursing Assistant

Health Innovations 📅 January 2024 - May 2025 📍 Chicago, IL

Provided compassionate patient care to neonatal patients, enabling recovery during critical medical situations. Collaborated with nursing staff to execute effective assessments and maintain meticulous care records.

- Delivered direct patient care, ensuring comfort, safety, and well-being in a fast-paced environment.
- Supported nursing staff by conducting routine assessments and monitoring health status changes.
- Engaged family members by offering emotional support and educational materials about neonatal procedures.
- Ensured cleanliness and adherence to infection control measures within patient areas.
- Assisted in accurate documentation of patient records to comply with healthcare regulations.
- Participated actively in interdisciplinary team meetings focused on ongoing patient care strategies.
