SUMMARY

Dedicated Registered Nurse with over two years of operating room experience, providing comprehensive patient care through the nursing process. Skilled at assessing both physiological and psychosocial aspects of patients in preoperative, intraoperative, and postoperative phases. Committed to high standards of safety and teamwork, ensuring optimal outcomes during surgical procedures. Developed strong relationships within healthcare teams to facilitate seamless communication and achieve shared patient goals. Demonstrated ability to adapt plans based on patient feedback, enhancing care quality in fast-paced environments.

EXPERIENCE

Registered Nurse

HealthCare Solutions Inc. 📅 January 2025 - Present 📍 Naperville, IL

Deliver patient care throughout the surgical process while adhering to established protocols. Collaborate effectively with medical teams to assess patient needs across all surgical phases. Ensure documentation accuracy in compliance with legal guidelines and hospital policies.

- Provide comprehensive nursing care before, during, and after surgeries, prioritizing patient safety.
- Communicate vital patient information to team members for consistent and effective care.
- Document all patient interactions and care plans clearly and respectfully as per hospital protocol.
- Work closely with multidisciplinary teams, anticipating surgeon requests and adapting quickly.

Operating Room Nurse

Wellness Medical Center 📅 March 2024 - December 2024 📍 Elmhurst, IL

Assisted surgeons with nursing tasks in the operating room while observing best practices in surgical techniques. Conducted thorough assessments to identify patient needs and communicated findings to surgical staff for continuity.

- Monitored vital signs diligently throughout procedures, responding swiftly to emergencies.
- Formulated and implemented effective care strategies to meet patients' immediate and post-operative needs.
- Collaborated with surgical teams to ensure smooth operations and successful recovery outcomes.
- Maintained a sterile field and followed strict guidelines for patient safety during surgeries.

Clinical Internship

University Project 📅 August 2023 - May 2024 📍 Remote

Participated in clinical rotations focused on diverse areas of nursing, enhancing skills in patient care essential for future roles.

- Conducted holistic assessments, strengthening patient evaluation techniques.
- Enhanced interpersonal skills by working alongside experienced nurses and healthcare professionals.
- Developed time management by juggling multiple responsibilities in high-pressure settings.
- Gained insights into surgical processes, fostering knowledge applicable to operating room roles.

LEADERSHIP & AWARDS

- Healthcare Excellence Award for outstanding patient care
- Most Valuable Team Member recognition during clinical internship
