STRENGTHS

- Patient Advocacy**
Actively ensured patient voices are prioritized in care decision processes, fine-tuning individual approaches.
- Critical Thinking**
Navigated challenging clinical situations confidently, improvising care plans based on evolving scenarios.
- Team Collaboration**
Fostered strong relationships within varied teams, notably enhancing collective problem-solving capabilities.
- Time Management**
Balanced concurrent responsibilities seamlessly, maximizing efficiency without compromising patient functionality.
- Patient Education**
Transformed complex medical jargon into easily relatable language for families, fostering engagement and trust.

SUMMARY

Compassionate and detail-oriented Registered Nurse with over three years of clinical experience in critical care and post-anesthesia care. Proven ability to deliver high-quality patient care while collaborating with interdisciplinary teams. Skilled in assessing conditions, developing care plans, and implementing evidence-based interventions that affect positive outcomes. Committed to maintaining a safe healthcare environment, passionate about advocacy, and eager to contribute expertise to a dynamic team at HealthFirst Hospital.

EXPERIENCE

Registered Nurse - PACU

HealthFirst Hospital 📅 March 2025 - Present 📍 Chicago, IL

Manage patient recovery in the post-anesthesia care unit, prioritizing patient safety and comfort. Collaborate with surgery and anesthesiology teams to monitor vital signs, assess needs, and respond to emergencies.

- Provided comprehensive post-anesthesia care, ensuring patient recovery aligned with standards.
- Collaborated intensively with surgical team members for optimal post-operative care.
- Educated patients on post-surgery care, enhancing understanding and compliance.
- Implemented rigorous safety protocols, significantly reducing incidents in the PACU.
- Conducted detailed assessments, coordinating personalized care plans to meet unique needs.
- Mentored new nurses on procedures and best practices, strengthening departmental capacity.

Registered Nurse - Critical Care

St. Mary's Medical Center 📅 June 2023 - February 2025 📍 Chicago, IL

Supported intensive care unit operations by managing complex medical conditions. Developed patient care strategies based on individual assessments and coordinated care with multidisciplinary teams.

- Delivered critical care, responding effectively to patient emergencies with swift actions.
- Crafted individualized care plans through assessment data collaboration with physician directives.
- Worked closely within teams to improve systemic processes influencing patient outcomes.
- Engaged in quality initiatives raising patient satisfaction scores across the unit.
- Administered triage medications while monitoring for adherence to safety regulations.
- Executed advanced EKG interpretations, proactively addressing cardiac event signals.

Nursing Assistant

Lincoln Community Hospital 📅 January 2022 - May 2023 📍 Chicago, IL

Assisted nursing staff in delivering front-line patient care within a high-paced hospital setting. Monitored patient progress, reporting vital changes promptly to ensure responsiveness.

- Supported daily living activities, facilitating dignity and respect throughout care.
- Monitored patient conditions closely, delivering essential feedback to assure effective care.
- Maintained meticulous patient records helping regulate compliance with established guidelines.
- Contributed actively as part of a cohesive team committed to excellent service delivery.
