STRENGTHS

- ♥️ **Compassionate Care**
Fosters an environment where children feel safe during medical procedures. Building trusting relationships helps ease parental concerns around care decisions.
- 👥 **Team Collaboration**
Actively collaborates with colleagues, embracing input to refine patient care strategies and improve operational workflows.
- 🔍 **Clinical Expertise**
Serves as a go-to resource for complex clinical queries; colleagues value insights to navigate challenging cases effectively.
- 📄 **Patient Documentation**
Ensures precise record-keeping that adheres to regulations. This accuracy maintains continuity of care for pediatric patients.
- 💡 **Proactive Problem-Solving**
Quickly identifies potential issues in high-pressure situations, providing decisive solutions that safeguard patient health.

SUMMARY

Dedicated registered nurse specializing in pediatric intensive care with over 2 years of experience. Proven ability to deliver high-quality, compassionate care to critically ill children while ensuring comfort and safety. Skilled in medication administration and monitoring vital signs for timely interventions. Thrives in collaborative environments, effectively working with healthcare teams to develop and implement tailored patient care plans. Committed to maintaining accurate documentation and adhering to safety protocols. Eager to contribute my expertise to HealthCare Solutions, fostering positive outcomes in challenging settings.

EXPERIENCE

Pediatric Intensive Care Nurse

HealthCare Solutions 📅 January 2025 - Present 📍 Indianapolis, IN

Serve as a knowledgeable pediatric intensive care nurse in a high-acuity unit, focusing on critically ill patients. Implement comprehensive patient care using advanced nursing competencies and foster teamwork across interdisciplinary groups.

- Deliver specialized nursing care to critically ill pediatric patients in a fast-paced setting, ensuring optimal health outcomes.
- Administer medications and closely monitor vital signs, responding promptly to any changes in patient conditions.
- Collaborate with multidisciplinary teams to formulate individualized care plans that meet each patient's specific needs.
- Maintain meticulous medical records and adhere strictly to safety protocols, ensuring compliance with health regulations.
- Engage in quality improvement initiatives to enhance patient safety measures and elevate standards of care.
- Mentor new nursing staff, promoting a supportive environment that fosters growth and collaboration.

Registered Nurse

Pediatric Care Center 📅 June 2023 - December 2024 📍 Fort Wayne, IN

Provided direct nursing care in a dynamic environment, prioritizing the physical and emotional health of pediatric patients. Assisted with treatments while supporting families in health management and education.

- Focused on delivering empathetic nursing care that addresses both physical and emotional dimensions of pediatric well-being.
- Provided assistance with administering treatments and medications, monitoring responses for prompt documentation.
- Educated families about care plans and health strategies, significantly enhancing engagement and cooperation in treatment.
- Participated in routine evaluations and actively contributed to adjustments in care plans based on individual progress.
- Supported strong implementation of health and safety practices to secure a nurturing environment for patients.
- Worked collaboratively with healthcare professionals to streamline processes, improving efficiency in patient care delivery.
