### SUMMARY

Compassionate Registered Nurse with a Bachelor of Science in Nursing and dedicated experience in providing patient-centered care. Extensive training includes developing individualized nursing plans utilizing the assessment process for diagnosis and successful outcomes. Strong collaboration skills enhance interdisciplinary partnerships focused on patient advocacy and resolution of conflicts. A result-driven advocate committed to continuous professional development and code adherence, demonstrating integrity throughout interactions. Seeking impactful opportunities where ethical nursing practices meet exceptional patient care standards.

### EXPERIENCE

#### Registered Nurse

HealthCare Innovations 📅 March 2025 - Present 📍 Chicago, IL

Role focuses on delivering evidence-based nursing care that meets diverse patient needs across various clinical settings. Collaborates closely with medical staff to ensure integrated patient management strategies emphasizing quality improvement. Plays pivotal roles in educating patients on treatment protocols, ensuring satisfaction and engagement.

- Develop customized, culturally sensitive care plans catering to individual patient needs.
- Educate families about health maintenance and recovery processes to enhance compliance.
- Collaborate with multidisciplinary teams fostering open communication for better patient care.
- Advocate for patient rights during planning and decision-making phases within care delivery.
- Participate actively in quality initiatives, contributing insights towards enhancing care standards.
- Maintain precise records of interventions, conditions, and patient responses adhering to regulations.

#### Nursing Intern

Metro Health Systems 📅 January 2025 - February 2025 📍 Chicago, IL

Engaged as an intern assisting in essential patient care under experienced staff guidance to enhance foundational nursing skills and clinical knowledge. Focused on direct patient interaction, gaining valuable mentorship and insights into nurse responsibilities and collaborative practice.

- Supported nursing staff by monitoring vital signs and administering medications responsibly.
- Addressed patient inquiries regarding their care plans ensuring accessibility and understanding.
- Interacted with healthcare teams during daily rounds focusing on interdisciplinary collaboration.
- Contributed to creating patient education materials aimed to improve health maintenance.
- Shadowed seasoned nurses learning advanced techniques alongside importance of advocacy.
- Attended seminars promoting ethical practices and cultural sensitivity integral to nursing.
