SUMMARY

Compassionate and dedicated Registered Nurse with over 3 years' experience in clinical settings, specializing in cardiac care. Ability to assess patient needs, develop effective care plans, and collaborate with healthcare teams to improve outcomes. Strong commitment to patient safety and quality of care drives daily work. Proficient in using electronic health records and engaging effectively with patients. Thrive in team-oriented environments, ensuring high-quality care delivery. Ready to take on challenges at HealthFirst Medical Group and contribute positively to patient experiences through evidence-based practices.

EXPERIENCE

Registered Nurse April 2025 - Present
HeartCare Services Racine, WI

Focus on assessing and monitoring patient conditions, implementing tailored care plans. Collaborate closely with physicians and multidisciplinary healthcare teams to coordinate patient care and improve overall outcomes.

- Implement individualized care plans by leveraging assessment data from comprehensive patient evaluations.
- Foster communication among team members to address immediate patient needs and prepare for potential interventions.
- Educate patients about treatments and follow-up care to ensure adherence to medical advice and comfort during recovery.

Registered Nurse June 2024 - March 2025
CareWell Clinic Kenosha, WI

Provided critical nursing care in a fast-paced environment while adhering to stringent safety protocols. Engaged actively in unit councils focusing on continuous improvement initiatives within patient care workflows.

- Maintained meticulous electronic health record documentation to reflect accurate patient progress and care changes.
- Participated in quality improvement efforts aimed at applying evidence-based practices for enhancing patient care.
- Collaborated with a diverse healthcare team to promote best practices and improve overall departmental efficiency.

Nursing Intern January 2024 - May 2024
Wisconsin Nursing Intern Program Madison, WI

Supported nursing staff by assisting in patient assessments and documentation while gaining hands-on experience in diverse clinical nursing functions.

- Assisted with medication administration under supervision, ensuring safe and proper dosing for each patient.
- Monitored vital signs, contributing to timely interventions and care adjustments based on observed changes.
- Engaged directly with patients and families to provide comfort and educational support during treatment.

LEADERSHIP & AWARDS

- Recognized for outstanding patient care service awards from HeartCare Services.
- Awarded 'Employee of the Month' at CareWell Clinic for exceptional teamwork and contributions.
