SUMMARY

Compassionate and dedicated Registered Nurse with extensive experience in high-acuity Intensive Care Unit (ICU) settings. Strong commitment to providing exceptional patient care while collaborating seamlessly with interdisciplinary teams has been a hallmark of my practice. With proven critical thinking, assessment skills, and the ability to quickly adapt in emergencies, patients receive prompt and effective interventions. A strong directive toward maintaining thorough documentation ensures superior patient safety. Eager to join Healthcare Solutions Group, this opportunity aligns perfectly with both professional aspirations and compassionate patient-centered values.

EXPERIENCE

ICU Registered Nurse

Healthcare Solutions Group 📅 January 2025 - Present 📍 Naperville, IL

Lead direct patient care efforts to stabilize critically ill patients within a fast-paced ICU environment. Position heavily relies on advanced clinical judgment, coordinating with multidisciplinary teams to ensure efficient delivery of treatments and interventions.

- Deliver exceptional patient care following established safety protocols and best practices in intensive environments.
- Monitor vital signs closely, assessing changes to ensure timely nursing interventions and modifications to treatment plans.
- Administer medications as prescribed to manage complex patient needs while ensuring compliance with medical standards.
- Collaborate effectively with healthcare specialists including physicians and respiratory therapists to formulate comprehensive care plans.
- Generate meticulous documentation within electronic health records (EHR) for enhanced communication and patient continuity.
- Act swiftly in emergency situations utilizing strong assessment skills to stabilize patients and implement immediate care strategies.

Registered Nurse

Riverbend Medical Center 📅 July 2023 - December 2024 📍 Aurora, IL

Focused on providing holistic nursing care, engaged in assessments and rehabilitation strategies tailored to diverse patient demographics. Promoted collaborative experiences through active participation in team meetings enhancing overall patient outcomes.

- Provided individualized nursing care across various medical-surgical scenarios while emphasizing targeted recovery goals.
- Conducted thorough patient education touching on post-discharge management of medications and lifestyle adjustments.
- Participated in quality initiatives that helped elevate patient satisfaction and care outcomes.
- Embraced teamwork by engaging in interprofessional discussions focused on treatment optimization.
- Supported mentorship programs aimed at onboarding new staff members, reinforcing a culture of shared knowledge.
- Implemented pain management protocols which significantly improved clinic efficiency and leadership communications.

Nurse Intern

Lincoln Community Hospital 📅 May 2023 - June 2023 📍 Chicago, IL

Assisted with clinical initiatives, embarked upon hands-on experiences refining foundational nursing skills. Emphasis remained on implementing real-time support measures under supervision.

- Facilitated patient assessments by collaborating closely with registered nurses improving time-management skills.
- Observed best practices from experienced nurses enhancing competencies in patient relationship-building and assessments.
- Partook in simulation sessions refining techniques in under pressure clinical environments.
- Played an integral role in record maintenance ensuring information accuracy throughout all units.
- Engaged with fellow interns on tasks aimed at enhancing workflow and addressing real patient care challenges.
- Developed essential skills for managing stressors encountered in dynamic clinical practices.
