SUMMARY

Experienced Registered Nurse with over five years in post-anesthesia care. Committed to delivering safe and compassionate patient care while facilitating smooth transitions within healthcare settings. Strong proponent of teamwork and effective communication, collaborating closely with interdisciplinary teams to enhance patient safety and satisfaction. Skilled in evidence-based practice, ensuring adherence to protocols that protect patients during recovery. Certifications in BLS, ACLS, and PALS underscore dedication to maintaining high standards. Eager to contribute expertise to a leading medical center committed to exceptional patient experiences.

EXPERIENCE

Registered Nurse, PACU

Health First Medical Center | January 2022 - Present | Park Ridge, IL

Focused on delivering expert post-anesthesia nursing care at a leading teaching hospital. Play a key role in monitoring surgical patients for optimal recovery. Collaborate extensively with surgical teams and other nurses to ensure seamless transition from PACU to inpatient units or home.

- Monitor patients post-anesthesia, ensuring comfort and quick recovery.
- Collaborate with other care providers to evaluate patient readiness for discharge.
- Implement established care protocols to enhance patient outcomes.
- Engage in quality improvement initiatives aimed at enhancing patient safety.
- Educate patients and families about post-operative care for better compliance.
- Document clinical observations accurately to uphold hospital standards.

Registered Nurse, Critical Care

St. Joseph's Medical Center | June 2018 - December 2021 | Chicago, IL

Managed critical care nursing needs in an intense ICU setting. Prioritized patient well-being through advanced interventions while mentoring junior staff, fostering an environment of learning and collaboration.

- Provided essential care to critically ill patients using advanced monitoring tools.
- Developed personalized care plans by working directly with multidisciplinary teams.
- Mentored nursing students, promoting professional growth and knowledge sharing.
- Actively participated in hospital committee meetings focusing on patient safety improvements.
- Conducted regular training sessions, enhancing staff proficiency in best practices.
- Ensured rigorous documentation of patient progress aligned with compliance regulations.

Registered Nurse, ED

Mercy Hospital | March 2016 - May 2018 | Chicago, IL

Delivered frontline emergency nursing services in a busy ED, executing rapid assessments and interventions to stabilize various patient conditions effectively. Worked collaboratively with multidisciplinary teams to optimize urgent care.

- Executed sophisticated triages for prompt determination of care priorities.
- Worked with physicians to coordinate urgent treatments based on patient assessment.
- Maintained compliant records per legal and ethical mandates throughout shifts.
- Educated patients and their families on recovery planning upon discharge.
- Helped in running emergency drills that elevated team preparedness for crises.
- Contributed feedback on process Enhancements for Emergency Department workflows.
