SUMMARY

Compassionate Registered Nurse with over five years of experience in post-anesthesia care across diverse settings. Demonstrated expertise in delivering high-quality patient care, utilizing evidence-based practices to enhance recovery and overall outcomes. Proven ability to coordinate complex care efficiently while adhering to established standards and safety protocols. Strong communicator and collaborator who excels in fostering a safe, therapeutic environment for patients and families alike. Eager to leverage skills and knowledge at Apex Health Systems to redefine patient care through exceptional service.

EXPERIENCE

Registered Nurse - PACU

January 2022 - Present

Caring Health Center

Naperville, IL

As a Registered Nurse in the Post Anesthesia Care Unit at Caring Health Center, responsibilities include ensuring comprehensive post-anesthesia care focusing on patient safety and comfort during recovery. Skills utilized here range from clinical decision-making to effective collaboration with surgical teams to implement individualized care plans.

- Administered pain management strategies to optimize patient comfort during recovery phases.
- Collaborated closely with surgical teams to evaluate and adapt care plans based on ongoing assessments.
- Provided patient education on post-operative care procedures, increasing compliance and awareness.
- Led quality improvement initiatives that significantly decreased post-operative complications by 15%.
- Participated in multi-disciplinary rounds to push for seamless cooperation between departments.
- Engaged in ongoing professional development to stay updated on advanced recovery care techniques.

Registered Nurse - Surgical Unit

June 2018 - December 2021

Metro Health Services

Downers Grove, IL

Served as an integral member of the surgical unit team, where excellence in patient-centered care was emphasized. Took part in pre-operative assessments and collaborated with multidisciplinary teams for tailored patient outcomes.

- Managed a dynamic caseload of up to 10 patients while ensuring adherence to safety and hygiene protocols.
- Executed detailed pre-operative assessments and formulated patient care plans that aligned with best practices.
- Implemented discharge planning processes leading to a notable improvement in patient satisfaction scores.
- Trained and mentored new nursing staff on unit operations, promoting adherence to standards.
- Facilitated patient education sessions focused on health management and post-discharge recovery.
- Communicated effectively with family members about patient needs to ensure understanding and support.

Nursing Intern

January 2016 - May 2018

Sunny Day Hospital

Chicago, IL

Interacted directly with patients to provide fundamental care alongside registered nurses, gaining hands-on experience in recovery protocols. Developed meaningful connections to foster trust and support during critical recovery phases.

- Assisted nursing staff with routine tasks, contributing positively to patient comfort and care.
- Recorded vital signs and monitored patients under supervision, ensuring accurate reporting.
- Contributed insights to interdisciplinary treatment rounds that helped adjust patient care plans effectively.
- Developed empathy and communication skills essential for providing emotional assistance.
- Participated actively in procedural simulations to build confidence and practical skill sets.
- Took advantage of training opportunities offered by the hospital for continued professional growth.

LEADERSHIP & AWARDS

- Recognized for outstanding patient advocacy efforts in 2023.
- Received the Excellence in Nursing Service Award, 2022, for leadership within the PACU unit.

EDUCATION

Bachelor's Degree in Nursing

2018

University of Illinois GPA: 3.8

Champaign, IL

Coursework: Clinical Practice, Nursing Theory, Patient Care Management, Advanced Pathophysiology
