EXPERIENCE

Medical Billing Intern

University Project  August 2025 – June 2026  Los Angeles, CA

Supported a team focused on the intricacies of medical billing within a practical internship framework. Directly engaged with claims processing, patient interactions, and system documentation, while ensuring adherence to industry standards and regulatory requirements.

- Processed and submitted over 150 medical claims to various insurance companies, ensuring accurate and timely reimbursement.
- Verified patients' insurance coverage, securing necessary authorizations to facilitate seamless billing procedures.
- Collaborated with providers to rectify billing discrepancies, achieving a notable improvement in claim approval rates.
- Maintained organized and up-to-date patient records, preserving strict compliance with HIPAA guidelines.
- Scheduled appointments efficiently for clients, working closely with healthcare professionals to enhance patient care.
- Developed a detailed report identifying billing errors, which highlighted key areas for process improvements.

Healthcare Scheduling Assistant

University Research Lab  August 2024 – May 2025  Los Angeles, CA

A collaborative role dedicated to optimizing healthcare scheduling processes using effective communication strategies with both patients and providers. Focused on data analysis to drive operational enhancements and improve client relations.

MY CAREER

- Medical Billing Intern at University Project (10 Months)
- Healthcare Scheduling Assistant at University Research Lab (9 Months)

- Managed patient appointment schedules, improving coordination between clients and healthcare professionals.
- Researched billing practices extensively, presenting insights aimed at refining scheduling methodologies within the lab.
- Utilized medical billing software that ensured precision in entering patient data and efficient billing workflows.
- Participated in virtual consultations, allowing for better understanding of client expectations, boosting satisfaction metrics.
- Coordinated training sessions for peers about software updates, enabling overall enhancement in team capabilities.
- Generated insightful reports regarding appointment trends, helping guide strategies for increasing patient accessibility.

LEADERSHIP & AWARDS

- Dean's List, University of California, Los Angeles - 2025
- Healthcare Innovation Challenge, 2nd Place - 2025

CERTIFICATIONS

- Certified Medical Billing Specialist (CMBS) 📅 2026
- Basic Life Support Certification 📅 2025
