SUMMARY

Compassionate and dedicated Respiratory Therapist with over four years in delivering high-quality respiratory care. Skilled in conducting patient assessments, creating personalized care plans, and fostering meaningful relationships to aid recovery. Committed to promoting community wellness through effective therapy services and continuous professional development. Recent experience includes working collaboratively in multidisciplinary teams to improve patient outcomes and enhance overall rehabilitation experiences. Recognized for empathy and dedication in supporting patients facing respiratory challenges while guiding them toward greater independence. Eager to continue contributing positively within a reputable healthcare organization.

EXPERIENCE

Respiratory Therapist

CareWell Medical Center  January 2025 - Present  Nielsville, MN

Deliver critical respiratory care as part of a multidisciplinary team, addressing diverse patient needs and enhancing satisfaction levels.

- Conduct comprehensive patient assessments leading to customized care plans that ensure maximum recovery.
- Implement various respiratory modalities, fostering patient comfort which directly influences positive health outcomes.
- Cultivate trusting relationships with patients, providing emotional support that enhances their rehabilitation experiences.
- Cooperate with medical professionals to deliver cohesive and effective therapeutic interventions for patients.
- Drive continuous education initiatives, resulting in improved clinical practices and patient service standards.

Respiratory Therapist

HealthFirst Rehabilitation  June 2023 - December 2024  Fargo, ND

Provided direct respiratory care across various patient demographics, focused on improving clinical outcomes and enhancing quality of life.

- Developed tailored treatment plans highlighting key respiratory needs from thorough evaluations.
- Planned informative sessions with patients and families, deeply improving engagement about respiratory care topics.
- Celebrated significant patient improvements in health, nurturing a praising environment to boost morale and adherence.
- Maintained detailed documentation of patient interactions, complying with industry regulations and facilitating effective follow-ups.
- Mentored new staff, emphasizing best practices and key skills necessary for quality respiratory therapy delivery.

Respiratory Therapy Intern

Nielsville University Hospital  January 2022 - May 2023  Nielsville, MN

Supported licensed therapists in delivering effective care while acquiring essential insights into the respiratory therapy field.

- Assisted in assessments and care planning for rehabilitation efforts directed by seasoned practitioners.
- Collaborated effectively to ensure treatments were administered safely and professionally.
- Gave emotional support to patients undergoing treatments, reaffirming commitment to their comprehensive well-being.
- Contributed to health discussions among professionals, allowing input that adapted care strategies when needed.
- Engaged in ongoing workshops, actively developing both technical and soft skills required for a career in respiratory therapy.
