SUMMARY

Detail-oriented accounting professional with over 8 years of experience in revenue accounting, settlements, and financial operations within renewable energy. Proven expertise in US GAAP compliance, month-end closing processes, and improving financial workflows. Successfully implemented systems that optimized processes for accurate revenue capture and stronger internal control. CPA certified with advanced analytical skills and a dedication to enhancing efficiency and accuracy through collaboration and innovative improvements.

EXPERIENCE

Revenue Accounting Manager

Green Energy Solutions 📅 April 2023 - Present 📍 Chicago, IL

Leads the REC Settlements & Revenue Accounting function, ensuring precise financial operations while fostering cross-functional collaboration. Actively engaged in shaping streamlined processes to support effective organization-wide revenue management.

- Ownership of RECs and environmental commodities billing processes, managing contract and pricing validations judiciously.
- Collaborated effectively with various departments such as Commercial Operations and Treasury to improve revenue recognition accuracy.
- Implemented Allegro system enhancements, significantly increasing invoicing accuracy across renewable energy transactions.
- Prepared meticulous customer invoices, journal entries, and reconciliations, supporting efficient month-end close activities.
- Proactively resolved settlement discrepancies and billing concerns, prioritizing customer satisfaction and comprehensive communication with stakeholders.
- Maintained a compliant environment with organized documentation, facilitating smooth internal control processes and external audits.

Senior Revenue Accountant

Solar Innovations Corp 📅 June 2018 - March 2023 📍 Chicago, IL

Oversaw month-end closure processes while leading strategic financial reporting to senior management. Focused on process improvements and mentoring junior staff to enhance operational excellence.

- Spearheaded month-end closes, thoroughly verifying compliance with US GAAP requirements.
- Transformed financial reporting processes resulting in clearer visibility into revenue streams, aiding strategic decision-making.
- Guided and trained team members on settlements, reinforcing best practices in revenue accounting.
- Worked closely with IT to harness necessary optimizations within ERP systems thus promoting timely reporting capabilities.
- Executed detailed account reconciliations which impressed senior management and solidified risk reduction methods.
- Conducted successful auditing initiatives ensuring structured processes aligned with SOX compliance, securing audit-ready documentation.

Revenue Accountant

EcoPower Solutions 📅 January 2016 - May 2018 📍 Chicago, IL

Handled comprehensive revenue accounting procedures, facilitating seamless invoicing and reconciliation efforts for renewable energy projects. Developed strong regulatory awareness.

- Managed robust billing and reconciliation workflows, ensuring alignment with revenue recognition protocols for both federal and state guidelines.
- Assisted in software transition projects providing essential training that significantly improved team performance.
- Identified and analyzed financial discrepancies proposing solutions that benefitted overall reporting accuracy.
- Collaborated with external auditors, ensuring tight-knit coordination during the auditing process.
- Enhanced efficiency in operational workflows, obtaining commendations for attention to detail.
- Contributed valuable insights into regulatory developments affecting revenue accounting, strengthening readiness and response strategies.

LEADERSHIP & AWARDS

- Green Energy Accounting Excellence Award for outstanding achievements in revenue process automation, awarded September 2025.
- Recognized by management as Employee of the Month for exceptional team contributions during fiscal quarter ends, awarded January 2024.
