

# Layla Bradley

## Sales Compensation Architect

(512) 555-6384    layla.bradley@example.com

linkedin.com/example/laylabradley    Austin, TX 78701

### STRENGTHS

- Plan design**  
Turned sales goals into workable incentive plans, and leaders gained confidence when plan mechanics held up in review.
- Financial modeling**  
Built scenario models for planning conversations. A clear comparison often helped decision makers choose with less backtracking.
- Payout accuracy**  
Checked calculations, records, and exceptions before payment. Teams came to rely on that steady review habit.
- Cross team partnership**  
Worked closely with Finance, Accounting, and technical partners; shared documentation kept difficult changes moving.
- Clear communication**  
Explained quota and commission changes in plain language, giving managers a useful answer when employees had questions.

### SKILLS

Sales compensation design

Incentive plans    Quota modeling

Financial modeling

Commission operations    Excel

Google Sheets    SQL    ASC 606

ASC 340    Dashboards    Reporting

Territory planning

Payroll coordination

Plan governance

### SUMMARY

Sales compensation professional with seven years of experience shaping incentive programs, quota frameworks, **territory planning**, commission workflows, and reporting for software organizations. Builds practical financial models that connect sales strategy with accurate payouts, forecast visibility, and sound plan economics. Partners with Finance, **Sales Operations**, Accounting, Payroll, and **technical teams** across design, administration, validation, and issue resolution. Brings hands on knowledge of Excel, **Google Sheets**, SQL, compensation analytics, ASC 606, ASC 340, accrual reviews, and commission lifecycle controls. Clear documentation helps sales leaders and employees grasp plan mechanics, while structured governance supports reliable operations. Ready to bring thoughtful analysis, dependable execution, and collaborative problem solving to a compensation architecture team.

### EXPERIENCE

#### Senior Sales Compensation Analyst, Incentive Programs

BrightPath Technologies    March 2023 - Present    Austin, Texas

Owns incentive compensation design and administration for technology sales teams, connecting **quota structures**, commission calculations, forecasting, reporting, and system requirements with reliable business operations. Partners with Finance, Accounting, Sales Operations, and technical stakeholders to protect payout accuracy, document policies, and improve plan governance.

- Designed quota based **incentive plans** around sales goals, performance measures, and role specific earning opportunities.
- Built Excel forecasting models and dashboards that gave Finance clearer planning visibility across sales teams.
- Managed **commission calculations**, payout validation, and issue resolution for multiple go to market groups.
- Reviewed commission accruals with Accounting and prepared documentation supporting **ASC 606** and **ASC 340** controls.
- Translated compensation needs into system requirements, then validated calculation logic with technical delivery teams.
- Documented plan policies and **administration** workflows, giving stakeholders a consistent reference during plan changes.

#### Sales Compensation Analyst, SaaS Operations

CloudBridge Systems    July 2019 - February 2023    Dallas, Texas

Supported **sales compensation** operations in a **software** environment, developing models and reporting for account executives, sales engineers, and customer teams. Connected attainment analysis, territory planning, commission audits, and employee communications with dependable records and repeatable administration practices.

- Developed **compensation models** for account executives, sales engineers, and customer teams within software **operations**.
- Analyzed attainment data and territory structures, informing annual quota planning discussions with sales leadership.
- Standardized compensation records and reporting workflows, improving visibility across recurring administration activities.
- Reviewed **commission calculations**, payment records, and supporting files during scheduled compensation audits.
- Built **Excel** scenarios that clarified plan economics before leadership selected annual compensation structures.
- Explained plan updates through concise documentation, helping managers communicate changes accurately with employees.

MY CAREER

- Senior Sales Compensation Analyst, Incentive Programs at BrightPath Technologies (3.5 Years)
- Sales Compensation Analyst, SaaS Operations at CloudBridge Systems (3.6 Years)

PROJECTS

**Commission Lifecycle Controls** 📅 2024  
A payout question exposed a process gap. Mapped commission inputs, calculation checks, accrual review points, approvals, and reporting outputs into a clearer lifecycle reference for Finance and Accounting partners.

**Quota Planning Scenario Model** 📅 2022  
Planning conversations became easier after building an Excel model that compared quota structures, attainment scenarios, territory assumptions, and projected commission economics for software sales roles.

LEADERSHIP & AWARDS

- Recognized by sales leadership for clear communication of complex plan mechanics during annual compensation planning.
- Selected for advanced Excel modeling coursework after producing dependable scenario analysis for compensation decisions.

EDUCATION

**Bachelor's Degree in Finance**  
University of Texas at Dallas 🎓 GPA: 3.8 📅 2019 📍 Richardson, Texas  
***Coursework:** Financial modeling, managerial accounting, corporate finance, business analytics*
