SUMMARY

Consultative B2B technology sales professional with more than eight years of experience developing **new business**, managing full-cycle opportunities, and growing recurring revenue across managed IT, cybersecurity, cloud, SaaS, and telecommunications environments. Builds qualified pipelines through outbound outreach, referrals, partner relationships, networking, and disciplined CRM practices. Leads discovery with owners, executives, CFOs, and operational leaders, connecting business pain, risk, reliability, growth goals, and service gaps with practical technology investments. Coordinates sales engineers, service leaders, and technical specialists during assessments, scoping, proposals, negotiations, and onboarding transitions. Brings working knowledge of Microsoft 365, backup and disaster recovery, **cloud infrastructure**, cybersecurity, **managed support models**, Salesforce, and HubSpot. Ready to help a Southeast Michigan team win profitable **new-logo business** and grow recurring client value.

EXPERIENCE

Sales Executive - Managed IT Solutions

SummitPoint Cloud Services 📅 January 2023 - Present 📍 Detroit, MI

Own Southeast Michigan territory growth for managed IT, **Microsoft 365**, cloud, cybersecurity, and backup services. Lead consultative sales with executives, coordinate technical resources, manage Salesforce opportunities, and transition new clients into onboarding while growing profitable **recurring revenue**.

- Built **Southeast Michigan** territory through referrals, networking, and **outbound outreach**, creating qualified executive meetings.
- Led owner and CFO **discovery** using business priorities, risk, and **reliability** concerns to shape recurring solutions.
- Coordinated sales engineers and service leaders during assessments, scoping, proposals, and solution reviews.
- Managed Salesforce opportunities from qualification through negotiation, close, forecasting, and onboarding transition.
- Closed profitable new-logo agreements across professional services, manufacturing, and multi-location businesses.
- Represented SummitPoint at chamber events and regional forums, strengthening partner and referral channels.

Senior Account Executive

Harborline Cybersecurity 📅 May 2021 - December 2022 📍 Grand Rapids, MI

Managed consultative cybersecurity and cloud sales cycles for **small and midsized businesses**. Connected risk reviews, Microsoft 365 security, endpoint protection, and managed services with executive priorities, then guided buying committees through proposals, objections, procurement, and implementation decisions.

- Owned managed detection and cloud opportunities through discovery, **proposal review**, negotiation, and close.
- Used executive questioning to surface ransomware exposure, compliance concerns, and fragmented support models.
- Partnered with **cybersecurity** consultants and solution architects on risk reviews and prioritized proposals.
- Grew multi-state pipeline through outbound campaigns, referral partners, events, and **HubSpot follow-up**.
- Presented business cases to owners and **operational leaders**, resolving budget and timing objections.
- Exceeded quarterly new-business targets while preserving accurate notes, close plans, and customer handoffs.

● Business Development Representative at Lakeshore SaaS Solutions (1 Years)

Account Executive

Pinecrest Telecom 📅 July 2019 - April 2021 📍 Columbus, OH

Developed commercial accounts for business internet, hosted voice, SD-WAN, connectivity, and cloud-adjacent services. Combined territory prospecting with consultative needs assessment, engineering coordination, **proposal development**, negotiation, and service activation across multi-stakeholder buying groups.

- Developed net-new commercial accounts through regional prospecting for internet, voice, and **SD-WAN** services.
- Mapped connectivity reliability and expansion needs during owner and IT contact discovery conversations.
- Built engineering-backed proposals that balanced feasibility, service terms, **recurring revenue**, and timelines.
- Maintained phone, email, referral, event, and partner cadences through consistent **CRM** activity standards.
- Negotiated multi-stakeholder agreements and coordinated activation documents for smoother implementation handoffs.
- Finished among regional leaders in **new business** through consultative presentations and disciplined **follow-up**.

Business Development Representative

Lakeshore SaaS Solutions 📅 June 2018 - June 2019 📍 Cleveland, OH

Created qualified meetings for a **cloud** operations platform serving **small and midsize businesses**. Researched accounts, connected process gaps with executive priorities, applied discovery frameworks, maintained Salesforce records, and prepared account executives for productive demonstrations.

- Created qualified meetings by researching process gaps across small and midsize business accounts.
- Opened executive conversations through phone, email, webinars, and partner **referrals**.
- Applied discovery frameworks covering pain, urgency, stakeholders, systems, and buying process.
- Maintained **Salesforce** contact histories, qualification notes, next steps, and activity reporting.
- Prepared business scenarios for demonstrations, helping account **executives** connect platform value with outcomes.
- Earned recognition for meeting quality and follow-through during a foundational consultative sales role.

PROJECTS

Southeast Michigan Recurring Revenue Program 📅 2026

Built a repeatable local-market motion for managed support, Microsoft 365, cloud, cybersecurity, and backup conversations. Connected referrals, events, discovery, and technical coordination with profitable new-logo growth.

Executive Cybersecurity Discovery Framework 📅 2022

Created discovery conversations that helped business owners and operational leaders discuss ransomware exposure, compliance concerns, support gaps, buying criteria, and practical security investments.
