- Compliance Auditing
- Interdisciplinary Collaboration
- Quality Improvement
- Stakeholder Engagement

SUMMARY

Pharmacist with over 5 years in clinical settings, focusing on medication management and quality improvement. Developed training programs and guidelines enhancing medication adherence and optimizing patient outcomes. Skilled in data analysis, compliance auditing, and fostering collaborative relationships with healthcare providers to ensure high standards of care. Comprehensive experience in HEDIS and CMS Stars metrics contributes significantly to performance enhancements. Highly committed to improving health outcomes through strategic initiatives and effective program implementation. A consistent leader in audits reinforcing adherence to state and federal regulations while driving innovation.

EXPERIENCE

Senior Clinical Pharmacist

HealthFirst Pharmacy 📅 January 2021 - Present 📍 Chicago, IL

Oversee clinical pharmacy operations, emphasizing medication management and adherence strategies within a diverse clinical team. Drive the integration of best practices for HEDIS and CMS Stars compliance.

- Guided pharmacy staff in implementing improved medication adherence programs, resulting in enhanced patient care standards across all service areas.
- Analyzed comprehensive performance data to identify discrepancies, leading corrective action plans that directly influenced patient health outcomes.
- Prepared extensive training materials and conducted workshops focused on medication policies, elevating staff proficiency and increasing compliance rates.
- Executed internal audits ensuring alignment with CMS regulations and state mandates, successfully rectifying any compliance gaps discovered during assessments.
- Cultivated robust relationships with stakeholders, facilitating significant communication and joint ventures that propelled clinical improvement initiatives.
- Participated actively in cross-functional teams, fostering collaboration that simplified workflows and boosted overall effectiveness in addressing patient needs.

Clinical Pharmacist

MedAssist Solutions 📅 June 2018 - December 2020 📍 Peoria, IL

Delivered focused clinical pharmacy services within interdisciplinary teams, optimizing therapy regimens and promoting effective medication management protocols.

- Conducted meticulous reviews of medication therapies, tailoring specific interventions that maximized therapeutic outcomes and reduced adverse effects.
- Engineered education-focused training sessions aimed at community healthcare providers, significantly augmenting their capabilities regarding drug utilization.
- Led collaborative planning efforts aimed at developing evidence-based clinical programs, closely monitoring adherence rates and patient safety.
- Developed systems for regular quality assessments which provided actionable insights to improve clinical program outcomes continually.
- Engaged with patients through outreach efforts to promote understanding of medication safety; this initiative fostered improved adherence and health literacy.
- Utilized advanced data analytics tools to track program success, shaping future engagements. Observations led to informed clinical choices benefiting patient health.

Pharmacy Intern

PharmaCare Corp 📅 June 2016 - May 2018 📍 Champaign, IL

Supported the management of daily pharmacy functions, gaining hands-on experience in medication dispensing and patient interactions under licensed pharmacist supervision.
