STRENGTHS

- 🔍 **Analytical Thinker**
Skilled at dissecting complex issues to uncover hidden cyber threats, leading to enhanced security measures, swiftly resolving issues in dynamic environments.
- 💬 **Proactive Communicator**
Delivering critical information with clarity fosters a culture where team dynamics excel, bridging gaps between technical and non-technical stakeholders seamlessly.
- 👥 **Team Builder**
Unites personnel through shared objectives and vision for success, creating initiatives that enhance inter-departmental collaboration, fueling long-term goals.
- 👤 **Mentor**
Supporting junior colleagues fosters a nurturing atmosphere, encouraging them to seek innovative approaches, thereby cultivating growth within the team.
- 🏗️ **Adaptive Leader**
Seamlessly adjusts strategies and tactics according to defined project scopes, keeping pace with evolving needs of both cybersecurity threats and business demands.

SUMMARY

Cybersecurity specialist bringing over seven years of hands-on experience in Information Security. Expertise includes threat analysis, incident response, and vulnerability management. Proven success managing security incidents and implementing practical solutions to protect organizational assets. Strength in building collaborative relationships with internal teams and external partners alike while navigating complex cybersecurity landscapes. Passionate about mentoring junior members and sharing knowledge to improve team capabilities. Committed to staying updated on emerging industry trends and threats.

EXPERIENCE

Senior Cybersecurity Analyst

SecureTech Solutions 📅 January 2022 - Present 📍 Chicago, IL

Responsible for investigating and analyzing cybersecurity incidents, ensuring timely responses, and effective mitigation strategies.

- Lead investigation and analysis of cybersecurity incidents, adapting strategies to efficiently address each situation.
- Developed comprehensive security measures designed to protect sensitive information from unauthorized access.
- Collaborated with IT teams to create detailed technical briefs and incident reports, enhancing team readiness and investigative techniques.
- Mentored junior analysts, promoting professional growth and actively contributing to team development.

Cybersecurity Consultant

TechGuard Inc. 📅 June 2018 - December 2021 📍 Naperville, IL

Delivered expert cybersecurity consulting services, focusing on risk assessments and improvements across various industries.

- Conducted thorough risk assessments and audits, identifying critical security vulnerabilities for diverse client organizations.
- Managed incident response efforts, facilitating clear communication during and after security breaches to enhance outcomes.
- Created and maintained up-to-date security policies and procedures, strengthening overall organizational security posture.
- Provided clients with actionable insight into best practices and security enhancements tailored to their unique situations.

Security Analyst

Interstate Cyber Solutions 📅 January 2017 - May 2018 📍 Remote

Engaged in proactive monitoring and assessment of cybersecurity protocols and threat landscapes, contributing to minimized risk exposure.

- Performed active threat hunting and intrusion detection, effectively mitigating security risks across network systems.
- Analyzed incident patterns and developed tailored recommendations for enhancing existing security measures.
- Collaborated closely with cross-functional teams to ensure consistent application of security policies and incident response protocols.
- Prepared insightful reports detailing findings and technological potential in improving situational awareness.

LEADERSHIP & AWARDS

- Cybersecurity Excellence Award for outstanding contributions to protecting sensitive company data, 2023.
