STRENGTHS

- Problem-solving**
Approach every challenge as an opportunity, fostering creative resolutions that drive progress daily.
- Team Collaboration**
Build strong relationships across departments, uniting efforts toward common goals in every project.
- Adaptability**
Quickly adjust strategies based on project demands, embracing change as a chance for growth and innovation.
- Technical Acumen**
Apply thorough domain knowledge to solve complex coding challenges and implement modern solutions effectively.
- Mentorship**
Support junior staff through guidance and shared experiences, enhancing team skills and morale.

SKILLS

- React Next.js Python
- RESTful APIs Cloud Services
- Automation IaC Monitoring Tools
- Agile Methodologies JavaScript
- Docker API Integration
- Machine Learning SQL Databases
- Version Control HTML/CSS

LANGUAGES

English Native

SUMMARY

Results-driven Senior Full-Stack Engineer with over 7 years of experience in developing scalable web applications and backend infrastructure. Proficient in utilizing modern frameworks and languages to create intuitive user interfaces and robust backend solutions. Passionate about driving automation and maintaining high code quality to enhance product delivery and user experience. Proven ability in collaborating across teams, streamlining deployment processes, and enabling successful product launches through innovative technical solutions.

EXPERIENCE

Senior Full-Stack Engineer

Digital Solutions Corp. 📅 March 2020 - Present 📍 Chicago, IL

Steered software development and design at Digital Solutions Corp., focusing on robust backend systems and engaging front-end applications. Fostered collaboration to integrate key features efficiently and enhanced deployment practices.

- Designed and implemented user-friendly interfaces for a cloud-based project management tool using React.
- Developed RESTful APIs in Python, improving data accessibility for front-end applications.
- Collaborated with cross-functional teams to ensure seamless integration of new features and enhancements.
- Spearheaded the automation of deployment processes, reducing time to market by 30%.

Full-Stack Developer

NextGen Technologies 📅 January 2018 - February 2020 📍 Madison, WI

Played a crucial role in enhancing user engagement through responsive web applications. Focused on API integration and performance tracking.

- Created responsive web applications using React and Node.js, enhancing user engagement.
- Developed backend services in Python and integrated third-party APIs to enrich application functionality.
- Implemented monitoring tools to track application performance and user behavior.
- Engaged in code optimization to augment speed and efficiency.

Software Engineer

Innovative Web Solutions 📅 June 2016 - December 2017 📍 Aurora, IL

Contributed actively to redesigning internal tools while prioritizing team productivity. Played a significant part in migrations and system optimizations.

- Contributed to the development of internal tools using Angular and Flask, improving team productivity.
- Assisted in the migration of legacy systems to modern web-based solutions, ensuring data integrity.
- Conducted code reviews and testing to maintain high standards of code quality.
- Coordinated with stakeholders to align project goals with technology capabilities.

LEADERSHIP & AWARDS

- Employee of the Year at Digital Solutions Corp. for outstanding contribution to software development in 2021.
- Recognized as Top Innovator by NextGen Technologies for initiating impactful projects that transformed workflows in 2019.

EDUCATION

Bachelor's Degree in Computer Science

Spanish

Proficient

University of Illinois 🎓 GPA: 3.5 📅 2016 📍 Urbana-Champaign, IL

Coursework: Software Engineering, Data Structures, Web Development, Cloud Computing

MY CAREER

● Senior Full-Stack Engineer at Digital Solutions Corp. (6.2 Years)

● Full-Stack Developer at NextGen Technologies (2.1 Years)

● Software Engineer at Innovative Web Solutions (1.5 Years)

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA) 📅 2022
- AWS Certified Solutions Architect 📅 2021

TECHNICAL SKILLS

- **Development Tools:** React, Next.js, Python
- **Cloud Platforms:** AWS, Azure
- **CI/CD Tools:** Jenkins, GitLab CI
- **Containerization:** Docker, Kubernetes
- **Monitoring Tools:** Grafana, Prometheus
- **Programming Languages:** Python, JavaScript
- **Testing Frameworks:** JUnit, PyTest
- **Infrastructure as Code:** Terraform, Ansible
- **Version Control Systems:** Git
- **Database Management:** MySQL, PostgreSQL

PROFESSIONAL AFFILIATIONS

- Active Member of Women Who Code, promoting gender diversity in tech sectors.
- Participant in local hackathons focused on building solutions for community challenges.
