SUMMARY

Driven Senior Full-Stack Software Engineer with over six years of experience advancing AI features in high-traffic applications. Expertise in Ruby on Rails and ReactJS contributes to seamless integration between backend services and user-friendly interfaces. Passionate about creating robust systems and leading cross-functional teams toward measurable improvements. Proven track record in applying data-driven experimentation and ongoing optimization, regularly collaborating with design and engineering teams. Eager to drive innovation at Tech Innovations Inc. by enhancing AI-powered solutions that directly impact user engagement and satisfaction.

EXPERIENCE

Senior Full-Stack Developer July 2021 - Present
Tech Solutions Group *Fort Wayne, IN*

Lead development initiatives crafting advanced AI-powered features for e-commerce platforms. Fostered collaboration among product, design, and engineering teams for optimal application performance.

- Designed and executed AI-driven enhancements that significantly improved user interactions.
- Collaborated on A/B testing, refining application functionalities based on analytics.
- Developed sustainable backend infrastructure utilizing Ruby on Rails and PostgreSQL.

Mid-Level Software Engineer August 2018 - June 2021
Creative Minds Corp. *Bloomington, IN*

Focused on delivering intuitive full-stack applications enhancing user experience. Engaged in steady iteration processes to meet evolving market demands effectively.

- Implemented front-end components with ReactJS, optimizing system reliability and performance.
- Engaged product teams to ensure timely feedback dynamics during development cycles.
- Led interface responsiveness efforts to provide users with rich and accessible experiences.

Junior Software Engineer June 2016 - July 2018
NextGen Technologies *Evansville, IN*

Supported the development of web applications emphasizing database management and back-end logic. Contributed significantly through code reviews and collaborative coding practices.

- Participated in development for various web interfaces focusing on backend service efficiency.
- Assisted in maintaining code quality through regular revision discussions and documentation improvements.
- Handled basic software maintenance tasks ensuring upgrades aligned with industry standards.

LEADERSHIP & AWARDS

- Recognized as Employee of the Month at Tech Solutions Group for outstanding contributions in developing prominent AI features.
- Received Team Excellence Award at Creative Minds Corp. for exemplary collaboration across departments.

EDUCATION

Bachelor's Degree in Computer Science 2016
University of Indiana *Indianapolis, IN* GPA: 3.8

Coursework: Data Structures, Web Development, Algorithms, Machine Learning

CERTIFICATIONS

- Certified ScrumMaster (CSM) 📅 2021
- AWS Certified Solutions Architect – Associate 📅 2022

TECHNICAL SKILLS

- **Programming Languages:** Ruby, JavaScript, HTML, CSS
- **Frameworks:** ReactJS, Ruby on Rails
- **Databases:** PostgreSQL, MySQL, MongoDB

- **Development Methodologies:** Agile, Scrum, DevOps
- **Tools:** Git, Docker, Jenkins
- **Cloud Services:** AWS, Heroku
- **APIs:** REST, GraphQL
- **Testing Tools:** RSpec, Jest, Cypress
- **Project Management Tools:** Trello, Asana, JIRA
- **Design Tools:** Figma, Adobe XD, Sketch

SKILLS

- Ruby on Rails
- ReactJS
- PostgreSQL
- A/B Testing
- Agile Methodologies
- AI & Machine Learning Principles
- Version Control (Git)
- HTML/CSS
- RESTful Services
- Microservices Architecture
- JavaScript
- Node.js
- Docker
- API Integration
- Database Management

PROFESSIONAL AFFILIATIONS

- Member of the Association of Computing Machinery (ACM).
- Active participant in local tech meetups focused on full-stack development.

LANGUAGES

- English (Native)
- Spanish (Proficient)
