Hiring Manager
HealthTech Solutions
Minneapolis, MN

Dear Hiring Manager,

I am excited to submit my application for the Senior Inpatient DRG Medical Coder position at HealthTech Solutions. This role complements my extensive experience and affinity with precise coding methodologies.

HealthTech Solutions forward-thinks healthcare by emphasizing efficiency, compliance, and innovation. In my previous roles, I have cultivated expertise in DRG coding, which fuels operational success. I thrive in environments demanding adaptation and collaboration.

At HealthFirst Medical Center, I consistently assigned ICD-10 CM, ICD-10-PCS, and DRG codes, overcoming challenges which sometimes became overwhelming. However, I always managed to clarify documentation with physicians, a practice that boosted accuracy substantially.

Collaboration brings fruitful results—I engaged in frequent coding meetings to share insights while remaining receptive to others' viewpoints. Moreover, reviewing coding practices allowed me to champion improvements in both quality and productivity.

My familiarity with EMR systems and Microsoft Excel enhances my coding efficiency, reflecting my commitment to stay updated amid healthcare's evolving standards. I understand the criticality of ethical coding standards set by AAPC and AHIMA, aligning my practices with those expectations.

I appreciate your consideration of my application. I look forward to discussing how my background can contribute to your team.

Thanks,

Nova Hernandez
