SUMMARY

Strategic project manager with over 8 years in biopharmaceutical environments, guiding teams through project initiation, planning, and execution. Experienced in leading cross-functional teams to ensure compliance with GMP standards while maintaining focus on organizational goals. Proficient in Agile and Waterfall methodologies. Known for facilitating successful meetings with stakeholders and translating business needs into actionable solutions. Recognized for strong analytical skills and the ability to manage multiple projects simultaneously under tight deadlines. Committed to continuous improvement and stakeholder engagement, ensuring impactful project outcomes.

EXPERIENCE

Senior Project Manager

Innovative BioSolutions 📅 January 2022 - Present 📍 Devens, MA

Oversee multidisciplinary projects within the Biologics division, managing both strategic direction and execution. Facilitate alignment of diverse teams towards common objectives while adhering to budgetary restrictions. Leverage hands-on experience to navigate complex project lifecycles, collaborating closely with leadership and stakeholders.

- Lead cross-functional project teams in executing biologics initiatives successfully, aligning efforts with corporate strategies.
- Utilize robust project management tools from the PMO to establish clarity in project scope, goals, budgets, and timelines.
- Facilitate governance sessions, preparing detailed reports that document discussions and resulting decisions effectively.
- Implement risk assessments to identify and minimize project challenges, ensuring ongoing adherence to timelines.
- Collaborate extensively with manufacturing and quality assurance teams to assure GMP compliance across all phases.
- Employ performance metrics to track project progress, enabling informed decision-making based on real-time data.

Project Manager

Advanced Pharma Inc. 📅 March 2018 - December 2021 📍 Cambridge, MA

Managed several high-stakes projects within a GxP framework, proving adept at coordinating complex resources and timelines for optimal efficiency. Maintained focus on enhancing operational success through effective communication and conflict resolution processes.

- Supervised simultaneous projects, utilizing adaptive resource allocation methods to meet critical delivery milestones.
- Engaged multiple departments to streamline business requirements into innovative project solutions, improving overall operational outcomes.
- Developed comprehensive Work Breakdown Structures using MS Project to enhance resource planning and streamline scheduling.
- Managed financial oversight of budgets, ensuring careful tracking to keep all projects within their fiscal limits.
- Facilitated collaborative problem-solving sessions among impacted teams to resolve issues expediently, fostering teamwork.
- Regularly communicated project statuses to senior management through clear presentations, underscoring key insights and progress markers.

Project Coordinator

Healthcare Solutions Corp. 📅 June 2016 - February 2018 📍 Worcester, MA

Supported project managers in executing healthcare-focused initiatives, guaranteeing strict regulatory adherence. Strengthened communications across diverse stakeholder groups to facilitate timely updates and information sharing during the project lifecycle.

- Assisted with planning Ensure compliance across lines by monitoring project schedules and deliverables alongside project managers.
