SUMMARY

Compassionate veterinarian focused on enhancing access to veterinary services, especially in shelter medicine and community outreach. Over four years of experience in medical care for animals, specializing in high-quality spay/neuter practices, diagnostics, and treatment planning. Expertise lies in leading teams and implementing best practices while ensuring compliance with veterinary standards. Strong communicator able to foster relationships and engage with the community effectively. Inspired by a commitment to animal welfare, eager to contribute to a mission-driven organization dedicated to improving animal lives.

EXPERIENCE

Veterinarian

Compassionate Care Veterinary Services 📅 June 2023 - Present 📍 Birdsboro, PA

Lead veterinarian providing comprehensive medical and surgical care to shelter animals, facilitating increased access to affordable services through community outreach initiatives.

- Performed high-volume spay/neuter surgeries, promoting population control and responsible pet ownership.
- Collaborated with shelter staff and technicians to implement effective treatment protocols, improving animal health outcomes.
- Organized and participated in vaccine clinics that promote community wellness and preventative care.
- Guided team members on Humane handling techniques and stress-reduction protocols for animals in shelter environments.
- Maintained thorough documentation of patient records to ensure adherence to regulations and facilitate positive outcomes.
- Engaged with rescuers and local stakeholders to create programs that support animal adoption and enhance public engagement.

Veterinary Associate

Animal Welfare Society 📅 January 2021 - May 2023 📍 Lansdale, PA

Delivered skilled veterinary services focusing on diagnostics, treatment, and population health management within a nonprofit context.

- Implemented treatment plans accommodating various conditions affecting shelter and community animals.
- Conducted training sessions for junior veterinarians and volunteers on veterinary practices and animal welfare protocols.
- Facilitated outreach programs that educated the public about responsible pet ownership and accessible veterinary care.
- Participated in euthanasia procedures with compassion, adhering to best-practice guidelines and ethical considerations.
- Developed relationships with clients based on trust and open communication to support long-term pet health.
- Contributed to departmental strategies aimed at improving animal care delivery and operational efficiency.
