EXPERIENCE

Veterinary Intern

University Veterinary Hospital 📅 June 2025 - Present 📍 Charlottesville, VA

In this internship, engaged in small animal care and surgical support, collaborating effectively with experienced veterinarians. Oversaw comprehensive patient assessments and participated in surgical procedures to refine skills. Focused on ongoing education through hands-on experiences under supervision, providing valuable insights into daily operations and case management.

- Conducted thorough physical examinations and devised treatment plans for various small animal patients, enhancing diagnostic precision.
- Assisted during surgical interventions, including spaying and dental cleanings, improving dexterity and understanding key surgical protocols.
- Promoted client engagement through educational sessions on preventative care, fostering stronger relationships and better health outcomes.
- Collaborated closely with peers during case reviews, sharing knowledge that enriched the team dynamic and improved care strategies.
- Employed cutting-edge diagnostics, such as digital radiography and ultrasound, contributing significant data for accurate clinical decision-making.
- Maintained organized records and documentation practices that supported smooth clinic operations and compliance.

Veterinary Assistant

Happy Paws Veterinary Clinic 📅 January 2025 - May 2025 📍 Richmond, VA

LANGUAGES

English	Native
Spanish	Proficient

MY CAREER

- Veterinary Intern at University Veterinary Hospital (1.1 Years)
- Veterinary Assistant at Happy Paws Veterinary Clinic (4 Months)

Supported veterinary operations at a busy practice, assisting in both routine and surgical applications. Developed strong client relations, promoting animal welfare and encouraging loyalty to the practice. Managed multiple responsibilities effectively, showcasing adaptability and teamwork.

- Facilitated examinations by preparing instruments and aiding in procedures, ensuring swift and efficient patient care delivery.
- Contributed actively to post-operative care management, which supported improved recovery rates among surgical patients.
- Streamlined medication management processes for patient treatment regimens, bolstering organizational effectiveness within the clinic.
- Cultivated rapport with clients, offering compassionate guidance that helped ease concerns throughout their pet's treatment journey.
- Engaged in social media marketing efforts, increasing community awareness of veterinary services and strengthening clinic visibility.
- Participated in ongoing professional development through workshops, staying abreast of advancements in veterinary practices and technologies.
