STRENGTHS

Collaboration

Fostered strong partnerships within teams, ensuring smooth workflows and high morale. Peers often sought input on challenging problems.

Technical Proficiency

Quickly adopted new technologies, translating complex ideas into pragmatic implementations. Enabled teams to innovate solutions without hesitation.

Problem-Solving

Effectively tackled technical challenges with creative analyses. Developed a reputation for resolving otherwise stagnant issues.

Project Management

Streamlined processes and instilled best practices in project operations. Team members recognized improvements in productivity post-implementation.

Adaptability

Evolved with changing project demands, learning quickly from feedback. This ability led to increased responsibility within projects and recognitions.

SKILLS

Node.js Python Java

Azure Cloud Services DevOps

CI/CD Agile

Database Management

Troubleshooting

Performance Optimization

Container Orchestration

Enterprise Systems

Full-stack Development

Cloud Infrastructure

SUMMARY

Passionate Software Engineer with over four years of experience in developing scalable applications using Node.js and cloud technologies. Track record of delivering high-impact solutions through effective collaboration and innovative design. Work focuses on optimizing system performance while maintaining user-friendly experiences. Expertise includes developing backend and frontend features in Agile settings, driving successful software projects, and enhancing production environments. Committed to helping organizations adopt cutting-edge practices that enhance operational efficiency and drive growth.

EXPERIENCE

Software Engineer

Tech Solutions LLC 📅 January 2023 - Present 📍 Dallas, TX

Leading development initiatives that involve designing performant solutions utilizing Node.js and Azure technologies. Collaborate directly with product management teams to meet project goals effectively.

- Developing high-performance, scalable applications using Node.js and Azure.
- Collaborating closely with cross-functional teams for efficient software solutions.
- Implementing DevOps methodologies to optimize deployment processes.
- Resolving system issues promptly while enhancing reliability.

Junior Software Engineer

Innovative Software Group 📅 June 2021 - December 2022 📍 Houston, TX

Contributed actively to the development of cloud-based software while supporting overall team dynamics in an Agile framework. Focused on understanding business requirements and user needs.

- Assisted in building new features for cloud applications.
- Participated in Agile sprints focused on delivering high-quality solutions.
- Conducted thorough testing to maintain optimal application performance.
- Collaborated with senior engineers to troubleshoot and resolve technical challenges.

Software Development Intern

University Projects 📅 September 2020 - May 2021 📍 Austin, TX

Engaged in a comprehensive development project creating a resource management web application tailored for students. Worked as part of a diverse team to ensure timely delivery of project outcomes.

- Developed a web application leveraging Node.js and MongoDB.
- Worked collaboratively to achieve critical project milestones.
- Maintained focus on quality assurance throughout development phases.
- Utilized Agile principles to align development objectives with user needs.

LEADERSHIP & AWARDS

- Best Innovator Award at Tech Solutions LLC for leading successful completion of key projects.
- Excellence in Engineering award for outstanding contributions to software quality and performance.

EDUCATION

Bachelor's Degree in Computer Science

University of Texas at Austin 🎓 GPA: 3.8 📅 2020 📍 Austin, TX

Coursework: Data Structures, Algorithms, Web Development, Database Management

CERTIFICATIONS

- Certified Kubernetes Administrator (CKA) 📅 2021

Testing Strategies

Production Releases

LANGUAGES

English Native

Spanish Proficient

MY CAREER

- Software Engineer at Tech Solutions LLC (3.4 Years)
- Junior Software Engineer at Innovative Software Group (1.5 Years)
- Software Development Intern at University Projects (8 Months)

- Microsoft Certified: Azure Developer Associate 📅 2021

TECHNICAL SKILLS

- **Programming Languages:** Node.js, Java, Python, Go
- **Database Technologies:** SQL, NoSQL
- **Cloud Platforms:** Azure
- **Development Frameworks:** Express.js, Spring
- **Container Tools:** Docker, Kubernetes
- **CI/CD Tools:** GitHub Actions, Jenkins
- **Agile Methodologies:** Scrum, Kanban
- **Monitoring Tools:** Azure Monitor, Datadog
- **Version Control:** Git
- **Infrastructure-as-Code:** Terraform

PROFESSIONAL AFFILIATIONS

- Member of IEEE - fostering engineering advancements and networking opportunities.
- Active participant in local coding boot camps aimed at mentoring inexperienced developers.
