SUMMARY

Driven software engineer pursuing a Bachelor's degree in Computer Science with hands-on experience in developing scalable software solutions. Strong background in translating user needs into actionable technical requirements, and proven ability to collaborate seamlessly within cross-functional teams. Ready to contribute to dynamic projects where technology meets real-world applications. Eager to learn more about enterprise software engineering processes while making meaningful contributions as part of a talented team. Possess excellent problem-solving skills paired with analytical thinking, aiming for growth in a fast-paced intern position.

EDUCATION

Bachelor's Degree in Computer Science

University of Texas at Austin GPA: 3.5

2025

Austin, TX

Coursework: Data Structures, Software Development, Algorithms, Database Systems

TECHNICAL SKILLS

- **Software Development Tools:** JUnit, Git, Jenkins
- **Database Systems:** PostgreSQL, MySQL, MongoDB
- **Integrated Development Environments:** Eclipse, IntelliJ IDEA, Visual Studio
- **Programming Languages:** Java, Python, JavaScript
- **Project Management Tools:** Trello, Asana, JIRA
- **Software Application Frameworks:** Spring Boot, Django, ReactJS
- **Cloud Platforms:** AWS, Azure, Google Cloud
- **Testing Frameworks:** JUnit, Mocha, Selenium
- **Deployment Technologies:** Docker, Kubernetes, Terraform
- **Data Analysis Tools:** Tableau, Apache Spark, R

SKILLS

- Java
- Python
- SQL
- Agile Methodologies
- Version Control
- Cloud Technologies
- UX Design Principles
- Web Development
- RESTful APIs
- Data Analysis
- System Architecture
- Mobile Development
- Debugging Techniques
- Testing Frameworks
- Technical Documentation
- Software Lifecycle Management

EXPERIENCE

Junior Software Engineer

Creative Software Solutions

June 2025 - Present

Dallas, TX

As a Junior Software Engineer, focused on delivering high-quality software solutions tailored to meet customer requirements. Collaborated effectively with diverse teams to design and implement functional applications.

- Collaborated across departments to create software that aligns with client specifications.
- Assisted in preparing documentation for software updates and new features.
- Actively participated in code reviews ensuring all deliverables uphold quality standards.

Software Engineering Intern

Tech Forward LLC

June 2024 - May 2025

Houston, TX

Contributed to software development tasks aimed at enhancing user performance and experience. Emphasized communication through teamwork and proactive engagement in agile practices.

- Developed integral software features enhancing user interaction and overall performance.
- Conducted thorough research supporting innovative functionalities.
- Trusted member of daily stand-ups offering insights and feedback on ongoing projects.

LEADERSHIP & AWARDS

- Awarded 'Outstanding Engineering Intern' for exceptional contributions during the internship at Tech Forward LLC.
- Recognized by professors for excellence in capstone project on sustainable software solutions.

CERTIFICATIONS

- Certified Software Development Professional (CSDP) 📅 2025
- Agile Certified Practitioner (PMI-ACP) 📅 2025

PROFESSIONAL AFFILIATIONS

- Member of the Society of Women Engineers, promoting diversity in STEM fields.
- Participated in Hackathon events showcasing innovative approaches to software development.

LANGUAGES

- English (Native)
- Spanish (Intermediate)
