SUMMARY

Dynamic software engineer eager to contribute to TechVision Solutions, possessing over two years experience in web application development. Proficient in C#, Java, HTML, and CSS, successfully built user-centric applications enhancing end-user experiences. At Data Solutions Inc., skillfully collaborated with cross-functional teams, developing a reporting tool that elevated financial data insights. Effective communication with stakeholders emphasized attention to user needs, ensuring deliverables exceeded expectations. Committed to delivering impactful, well-documented components, particularly adept at producing and presenting project results. Excited about participating in designing custom reporting frameworks and embracing challenges.

EDUCATION

Bachelor's Degree in Computer Science

2024

University of Texas at Austin GPA: 3.7

Austin, TX

Coursework: Data Structures, Web Development, Software Engineering, Database Management

TECHNICAL SKILLS

- **Programming Languages:** C#, Java, TypeScript
- **Frameworks:** React
- **Web Technologies:** HTML, CSS
- **Databases:** SQL
- **Source Control:** Git
- **Testing Methodologies:** TDD, Debugging
- **Development Methodologies:** Agile
- **API Standards:** RESTful APIs
- **Documentation Standards:** Technical Documentation
- **User Experience:** UI/UX Design

SKILLS

- C#
- HTML
- Git
- Documentation
- Java
- CSS
- RESTful APIs
- Debugging
- TypeScript
- SQL
- User Experience
- Back-end Integration
- React
- Agile
- Web Development

EXPERIENCE

Software Engineer

June 2025 - Present

Data Solutions Inc.

Austin, TX

Contributed significantly to financial data strategies through web application development. Focused on enhancing system usability and reliability, collaborating seamlessly across teams.

- Designed user-friendly interfaces utilizing React, optimizing engagement with financial analytics tools.
- Directed rigorous testing and management protocols, achieving significant improvement in performance metrics.
- Facilitated stakeholder feedback sessions, incorporating insights into iterative design updates, particularly for financial report accuracy.
- Generated clear technical documentation, simplifying user comprehension of complex functionalities.

Junior Software Developer

January 2024 - May 2025

CodeCrafters LLC

Dallas, TX

Assisted in crafting web applications with an emphasis on back-end integration, supporting the transition from legacy systems. Engagement with SQL enhanced data handling capabilities.

- Collaborated alongside developers during code reviews, fostering knowledge sharing practices within the team.
- Actively contributed to migrating internal systems, resulting in increased efficiency and 20% decrease in maintenance costs.
- Implemented test-driven methods improving coding standards and overall production quality.
- Engaged continuously with product architects focusing on aligning outputs with business objectives.

PROJECTS

Financial Reporting Tool Development 📅 June 2026

Developed a comprehensive tool facilitating the generation of customized financial reports emphasizing user interactions while integrating diverse data resources.

LEADERSHIP & AWARDS

- Eagle Scout Award recognized for outstanding leadership skills and community volunteering efforts.
- Dean's List for exceptional academic performance during undergraduate studies.

CERTIFICATIONS

- Certified Java Programmer 📅 2025
- Microsoft Certified: Azure Developer Associate 📅 2025

PROFESSIONAL AFFILIATIONS

- Member of ACM (Association for Computing Machinery), engaging in workshops and hackathons.
- Participated in university hackathons fostering teamwork and innovative problem-solving.

LANGUAGES

- English (Native)
- Spanish (Proficient)

ADDITIONAL INFORMATION

Work Status : Authorized to work in United States. No sponsorship required.
