EXPERIENCE

Quality Assurance Intern

Tech Solutions Inc.

June 2025 - Present

Chicago, IL

In this role, focus remains on software quality through detailed testing and collaboration. Executing test cases ensures adherence to quality standards while troubleshooting arises with the development team. Contributions include documenting defect reports using tracking tools, enhancing communication for future resolutions.

- Execute a variety of test cases to verify software quality.
- Collaborate with developers on identifying and fixing software issues.
- Employ bug tracking tools for clear documentation of software defects.
- Review results and plan next steps for ongoing test cycles.

Software Tester

Creative Tech Co.

August 2024 - May 2025

Peoria, IL

Contributed to ensuring functional software by performing thorough testing and assisting with process enhancements. Conducted regression tests regularly and maintained careful documentation to track results. Actively participated in strategy sessions fostering better testing practices among team members.

- Conduct regression testing to confirm software integrity post-updates.
- Support the team in forming effective testing plans and strategies.
- Systematically document findings, sharing insights with colleagues.

- Engage actively in discussions on QA techniques and best practices.

LEADERSHIP & AWARDS

- Recognized as a top intern at Tech Solutions Inc. for exceptional dedication to quality assurance.
- Achieved distinction in Independent Testing Project in university, praised for critical thinking and problem-solving.

CERTIFICATIONS

- Certified Software Quality Analyst 📅 2025
- ISTQB Certified Tester 📅 2026

PROFESSIONAL AFFILIATIONS

- Member of the University Computer Science Club, engaging in collaborative projects and workshops.
- Active participant in Hackathon events, contributing innovative solutions and exploring new technologies.

LANGUAGES

- English (Native)
- Spanish (Intermediate)
