## Sr. AI Automation Engineer

☎ (217) 555-1234 ✉ malia.wise@example.com 🌐 linkedin.com/in/maliawise 📍 123 Main St, Springfield, IL 62701

### SUMMARY

---

Dedicated Sr. AI Automation Engineer with 5+ years in software development specialized in automation and cloud technologies. Proven expertise in leading collaborative projects across diverse teams, complementing a passion for tactical learning and applying top-notch technical skills to develop innovative solutions. At Cloud Solutions Corp, led the design of automation workflows utilizing AI/ML on Azure and AWS platforms while ensuring high code quality via CI/CD methods. Committed to creating efficient processes, documenting complex topics clearly, and embracing continual improvement as project demands evolve.

### EXPERIENCE

---

#### Sr. AI Automation Engineer

Cloud Solutions Corp 📅 March 2022 - Present 📍 Chicago, IL

Drive and oversee design and establishment of automated workflows integrating AI/ML on Azure and AWS. Prioritize collaboration with various stakeholders focusing on high-quality deliverables through rigorous documentation and adherence to CI/CD methodologies. Possess commitment to grasp emerging technologies that can enhance process efficiencies tailored to specific needs in a fast-paced environment.

- Lead design and implementation of robust automation workflows using AI/ML fields.
- Ensure compliance with best practices while delivering competitive projects on schedule.
- Create detailed documentation to support smooth transitions and enhance stakeholder clarity.
- Engage actively in ongoing education regarding emerging tech trends demanding agile adaptations.

#### Software Engineer

Innovative Systems LLC 📅 January 2020 - February 2022 📍 Atlanta, GA

Contributed meaningfully in designing modern web applications employing various programming paradigms while deftly addressing complexities faced throughout development phases. Engaged harmoniously with teams to troubleshoot pressing issues ensuring elimination of roadblocks.

- Develop modern applications and features benefiting from comprehensive understanding of current tech stacks.
- Integrate DevOps practices like infrastructure as code to streamline operational capabilities.
- Troubleshoot and mitigate technical challenges facilitating efficiency enhancements across disciplines.
- Fostered communication between teams dramatically contributing to cohesive project delivery.

#### Junior Software Developer

Tech Dynamics Inc. 📅 June 2018 - December 2019 📍 Phoenix, AZ

Assisted in dynamic aspects of software creation fostering collaborative opportunities while actively participating in key review mechanisms ensuring thorough testing outcomes are achieved. Involved actively in shaping essential learning curves culminating in holistic client feedback incorporations.

- Helped evolve standalone software and utilities focused on client requirements scaling concerns.
- Participated enthusiastically in testing, documentation, and coding reviews defending development lifecycles.
- Supported successful integration of novel functionalities tailoring more precise client offerings.
- Interacted consistently with peers, showcasing adaptability in learning new tools and frameworks.

### LEADERSHIP & AWARDS

---

- Certified Automation Anywhere Professional obtained 2021
- Microsoft Certified: Azure Developer Associate received 2022

### EDUCATION

---

#### Bachelor's Degree in Computer Science

University of Illinois 🎓 GPA: 3.8 📅 2018 📍 Champaign, IL

*Coursework: Software Development, Cloud Computing, Automation, Team Dynamics*

### CERTIFICATIONS

---

- Certified Automation Anywhere Professional 📅 2021
- Microsoft Certified: Azure Developer Associate 📅 2022

## TECHNICAL SKILLS

---

- **Programming Languages:** Python, C#, JavaScript
- **Automation Tools:** Automation Anywhere, Workato
- **Cloud Platforms:** Azure, AWS
- **Version Control:** Git, Bitbucket
- **Project Management:** Agile, Scrum
- **CI/CD Tools:** Jenkins, GitLab CI
- **Databases:** SQL Server, MySQL
- **Web Technologies:** HTML, CSS, JavaScript
- **Operating Systems:** Windows, Linux
- **Scripting Languages:** Bash, PowerShell

## SKILLS

---

- Python
- Automation Anywhere
- DevOps
- API Strategy
- C#
- Workato
- CI/CD
- Scripting
- SQL
- Azure
- Agile Methodologies
- Microservices
- JavaScript
- AWS
- ETL Processes
- Data Analysis

## PROFESSIONAL AFFILIATIONS

---

- Member of National Association of Software Engineers since 2019
- Volunteer at local tech meetups promoting coding education among youth

## LANGUAGES

---

- English (Native)
- Spanish (Intermediate)

## ADDITIONAL INFORMATION

---

**Work Status** : Authorized to work in United States. No sponsorship required.
