🌐 linkedin.com/example/timothyork 📍 St. Paul, MN 55104

### SUMMARY

Senior finance operations analyst with nine years supporting **commercial real estate services**, portfolio delivery, and client-facing business operations. Work centers on forecasting, monthly close, journal entry support, **capital expenditure validation**, staffing reporting, revenue and expense variance analysis, and management presentations. Advanced Excel capability includes Power Query, pivot tables, lookups, structured models, and reconciliation controls, supported by strong Microsoft Word and PowerPoint skills. Coordinated UAT, process transitions, user training, and reporting improvements across Finance Managers, operations leaders, project teams, and client stakeholders. Translates detailed financial activity into clear decisions while protecting accurate treatment of reimbursable and **non-reimbursable spend**. Ready to help Northstar Property Services strengthen PDS Finance reporting, close execution, process transitions, and **data-driven decisions**.

### EXPERIENCE

#### Sr. Finance Operations Analyst

Summit Workplace Advisors 📅 March 2022 - Present 📍 Minneapolis, MN

Direct monthly **finance operations** across 18 client locations, consolidating revenue, expense, staffing, and capital activity for Finance Manager review. Lead reporting model development, close support, UAT, training, cost-code validation, and process improvement for workplace services operations.

- Consolidated revenue, expense, staffing, and capital activity across 18 client locations for **Finance Manager** review.
- Connected billing, staffing, and general ledger extracts through Excel Power Query models and **pivot tables**.
- Investigated furniture, equipment, and labor variances with operations leads before monthly management discussions.
- Validated cost centers, project codes, and capex coding before **reimbursable spend** entered close.
- Coordinated UAT, defect resolution, and job-aid training for 30 finance and operations users.
- Prepared PowerPoint presentations, close schedules, **journal entry support**, and **reporting** controls for Finance Managers.

#### Finance Analyst

Lakeshore Commercial Services 📅 January 2020 - February 2022 📍 Eden Prairie, MN

Managed recurring financial reporting for commercial property service contracts, connecting **monthly close**, revenue, operating expenses, pass-through costs, staffing requirements, and client review materials. Supported Finance Managers with reconciliations, forecasting inputs, retail furniture closeout, and analyst onboarding.

- Reconciled monthly **revenue**, operating **expenses**, purchase orders, and client-approved pass-through costs.
- Traced **journal entry support** from source transactions through invoices, approvals, and contract documentation.
- Built Excel variance templates separating timing, volume, coding, and scope explanations for forecast updates.
- Matched invoices, receiving records, project codes, and capitalization documents across 11 active retail sites.
- Resolved missing hours and assignment changes with project managers before **staffing reporting** deadlines.
- Produced Word and **PowerPoint** review materials while documenting procedures for newly assigned analysts.

#### Financial Analyst

Blue Oak Realty Operations 📅 June 2018 - December 2019 📍 Bloomington, MN

### STRENGTHS

- ♥ **Financial storytelling**  
Variance reviews turned detailed revenue and expense activity into clear explanations Finance Managers could use.
- ✓ **Close discipline**  
Reconciliations and coding checks caught unsupported activity before monthly close packages reached review.
- 👥 **Process transition support**  
UAT, training, and job aids helped 30 users adopt a revised staffing workflow with confidence.
- 📊 **Capex judgment**  
Cost-code and capitalization reviews protected accurate treatment of furniture, equipment, and client spend.
- 💬 **Practical collaboration**  
Property teams and operations leads received concise answers when missing documentation or unusual variances surfaced.

## MY CAREER

- Sr. Finance Operations Analyst at Summit Workplace Advisors (4.5 Years)
- Finance Analyst at Lakeshore Commercial Services (2.1 Years)
- Financial Analyst at Blue Oak Realty Operations (1.5 Years)
- Finance Coordinator at Cedar Point Property Management (8 Months)

Supported finance administration for a regional **real estate services** group, maintaining schedules for contract revenue, operating expenses, capital requests, vendor commitments, budget comparisons, and monthly close. Partnered with property teams and Finance Managers on coding, variance explanations, and reporting consistency.

- Maintained schedules for contract revenue, operating expenses, capital requests, and vendor commitments.
- Reconciled general ledger activity with operational reports before finalizing **monthly close** packages.
- Consolidated property and project trackers through Excel formulas, pivot tables, and data validation.
- Researched budget and forecast **variances** with property teams for **Finance Manager** approval.
- Checked capex **cost codes**, authorization records, vendor documents, and capitalization treatment.
- Created **Word** close checklists and reference guides for analysts supporting client accounts.

### Finance Coordinator

Cedar Point Property Management 📅 September 2017 - May 2018 📍 Maplewood, MN

Maintained transaction and reporting schedules for a property management finance team while completing a Finance degree. Built practical experience across invoice support, reconciliations, budget review, journal entry preparation, operating and capital classification, and deadline-driven reporting.

- Maintained transaction schedules and **reporting** files for property management finance reviews.
- Prepared invoice logs, payment support, and account reconciliation files for **monthly close**.
- Compared budget and actual spending, then routed documentation questions to property managers.
- Updated Excel trackers for vendor commitments, tenant charges, and reimbursable expenses.
- Organized source materials for journal entries and operating expenditure classification.
- Produced recurring Word reports and PowerPoint exhibits for internal **finance** meetings.

## PROJECTS

### Workplace Finance Reporting Model 📅 2024

Partnered with Finance Managers and operations leads on a shared reporting model that connected billing, staffing, general ledger, and capital activity. Power Query and pivot tables gave stakeholders one clearer monthly view for decisions.

### Staffing Workflow Transition 📅 2023

Worked alongside finance and operations users during a staffing management transition. UAT scripts, defect follow-up, training, and job aids helped 30 users adopt a consistent reporting workflow.
