SUMMARY

Compassionate Registered Nurse offering over two years of expertise in intensive care. Skilled in patient assessment and nursing interventions, delivering high-quality care in complex situations. Continuous collaboration with healthcare teams ensures effective patient outcomes. Familiarity with both critical thinking and advanced nursing skills contributes to a safe environment for patients. Focused on professional development, aiming for continuous improvement in healthcare practices. Enthusiastic about positively impacting patient experiences through dedicated service and teamwork while embracing the challenge of fast-paced medical settings.

EXPERIENCE

Staff Nurse/ICU

Elysium Healthcare 📅 January 2025 - Present 📍 Chicago, IL

Provides comprehensive care to critically ill patients in an intensive care unit. Recognizes the urgency of patient needs while collaborating with healthcare professionals. Takes initiative during clinical decisions to ensure adherence to safety protocols and proper implementation of care plans.

- Developed personalized care plans following thorough assessments, which improved patient recovery rates.
- Monitored vital signs and documented responses, promptly reporting significant changes to nursing and medical staff.
- Conducted regular multidisciplinary rounds, discussing patient conditions and altering care strategies as necessary.
- Applied exceptional EKG monitoring and interpretation skills, enhancing patient safety while managing cardiac cases.
- Mentored newly hired nurses and facilitated training sessions focused on best practices and performance standards.
- Participated in quality assurance initiatives that raised patient satisfaction scores through proactive engagement.

Registered Nurse

Silver Oak Medical Center 📅 June 2023 - December 2024 📍 Chicago, IL

Provided essential patient care in a busy ICU setting, ensuring optimal health outcomes through diligent support and monitoring. Worked closely with physicians and cross-disciplinary teams for timely interventions.

- Accurately diagnosed and addressed diverse health issues by implementing effective treatment regimens.
- Engaged with families, guiding them through care transitions and providing educational resources.
- Maintained certifications in BLS, ACLS, and PALS, continually integrating skills into daily practices for superior care.
- Collaborated effectively in high-pressure environments, delivering outstanding service even under challenging circumstances.
- Created patient education materials about post-discharge planning, facilitating smoother home-care transitions.
- Contributed to process improvement projects that enhanced operational efficiency within nursing teams.
