## SUMMARY

---

Innovative Staff Software Engineer driving success in SaaS development with over six years of experience. A proven track record in leading projects that leverage technologies such as Python, AWS, and React.js. Responsibilities included mentoring teams, fostering collaboration, and implementing AI tools to enhance productivity. Adaptable engineer with a commitment to continuous improvement and agile methodologies, passionate about delivering top-notch solutions tailored for complex technical challenges. Eager to join a forward-thinking team where technical abilities can be fully utilized alongside strong partners in product management.

## EXPERIENCE

---

### Senior Software Engineer

March 2022 - Present

CloudSphere Technologies

Austin, TX

Spearhead scalable SaaS application development while mentoring engineers through each phase of the process. Engage deeply with cross-functional teams to ensure high-quality release cycles. Enthusiastic advocate for integrating AI tools into development workflows.

- Lead development of dynamic SaaS applications using Python and AWS services.
- Cultivate talent by mentoring junior engineers within a collaborative setting.
- Partner with diverse teams to deliver robust software solutions in Agile environments.
- Leverage AI tools like GitHub Copilot to boost efficiency in design and coding.

### Software Engineer

January 2020 - February 2022

Innovative Solutions Inc.

Los Angeles, CA

Focused on enhancing a high-traffic SaaS platform, developing features powered by React.js and AWS. Worked closely with product teams to establish and achieve project milestones.

- Designed and maintained functionalities of a fast-growing SaaS product.
- Aligned with product management to gather requirements and assess user needs.
- Implemented coding best practices focused on quality and performance optimization.
- Facilitated iterative team reviews for continuous delivery improvements.

### Junior Software Engineer

June 2018 - December 2019

NextGen Software

New York, NY

Contributed to the successful development of web applications under mentorship from experienced engineers. Engaged with new technologies and collaborated on project requirements.

- Assisted in developing applications using Python and JavaScript.
- Supported senior engineers in gathering specifications necessary for project success.
- Actively participated in code reviews and testing processes to refine final products.
- Embraced ongoing education regarding industry trends and evolving technologies.

## LEADERSHIP & AWARDS

---

- AWS Certified Solutions Architect – Associate (2021)
- Certified ScrumMaster (2020)

## EDUCATION

---

### Bachelor's Degree in Computer Science

2018

University of Colorado Boulder GPA: 3.8

Boulder, CO

**Coursework:** Data Structures, Web Development, Cloud Computing, Algorithms

## CERTIFICATIONS

---

- AWS Certified Solutions Architect – Associate 📅 2021
- Certified ScrumMaster (CSM) 📅 2020

## TECHNICAL SKILLS

---

- **Programming Languages:** Python, JavaScript
- **Frameworks:** React.js, Flask
- **Cloud Services:** AWS, Google Cloud Platform

- **Version Control Systems:** Git, SVN
- **Database Management:** MySQL, DynamoDB
- **Development Methodologies:** Agile, Scrum
- **Project Management Tools:** JIRA, Trello
- **CI/CD Tools:** CircleCI, Jenkins
- **Testing Frameworks:** Jest, pytest
- **Containerization:** Docker, Kubernetes

**SKILLS**

---

- Python
- AWS (Lambda, DynamoDB)
- React.js
- AI Tools (GitHub Copilot, ChatGPT)
- Agile Methodologies
- Software Development Life Cycle (SDLC)
- Collaboration
- Problem Solving
- Continuous Delivery
- Leadership
- Mentor Training
- Quality Assurance
- Performance Optimization
- Requirements Gathering
- User Experience Design

**PROFESSIONAL AFFILIATIONS**

---

- IEEE Member contributing to local tech initiatives.
- Active participant in Meetup groups focused on software engineering innovations.

**LANGUAGES**

---

- English (Native)
- Spanish (Intermediate)

**ADDITIONAL INFORMATION**

---

**Work Status** : Authorized to work in United States. No sponsorship required.
