STRENGTHS

- 🛠 **Field Reliability**
When outdoor assignments changed quickly, kept work moving through steady equipment support and clear updates to crew members.
- 🔧 **Equipment Care**
Routine tool and machinery checks helped prevent avoidable delays, and coworkers often relied on careful upkeep.
- ♥ **Safety Practice**
Changing weather and active work areas called for attention, so established procedures guided each field decision.
- 📄 **Work Documentation**
Completed reports gave supervisors a useful record of maintenance activity, equipment needs, and follow up work.
- 🚚 **Emergency Response**
Scheduled plans sometimes shifted quickly; responded calmly to urgent maintenance needs and helped restore service promptly.
