EXPERIENCE

Supply Chain Management Intern

University Project 📅 January 2026 - Present 📍 Chicago, IL

Engaged in a comprehensive capstone project designed to enhance supply chain protocols for a local manufacturing enterprise. Supported analysis and optimization of existing systems to facilitate streamlined operations across various functions.

- Collaborated to create an effective demand planning model using Excel, boosting forecasting accuracy by 15%.
- Designed a thorough inventory control approach reducing storage costs via identification of overstocked items.
- Conducted extensive research on best practices in materials control, culminating in insights presented to key stakeholders.
- Participated actively in weekly planning sessions enhancing both communication and teamwork dynamics.
- Delivered meticulous documentation for all project milestones, ensuring clarity while adhering strictly to established deadlines.
- Facilitated feedback discussions with mentors, addressing real-world challenges faced during project implementation.

Supply Chain Analyst Assistant

Academic Research 📅 September 2025 - December 2025 📍 Chicago, IL

MY CAREER

- Supply Chain Management Intern at University Project (7 Months)
- Supply Chain Analyst Assistant at Academic Research (3 Months)
- Logistics Coordinator at Volunteer Experience (2 Months)

Contributed to an investigative academic study assessing supply chain interruptions affecting small businesses. Analyzed quantitative data while providing qualitative insights that supported broader research goals.

- Analyzed large datasets revealing trends influencing supply chain efficiency with statistical software tools.
- Compiled comprehensive reports that detailed research findings aiding toward publication in esteemed journals.
- Engaged local small business owners during interviews, fostering connections and gathering impactful qualitative information.
- Developed survey methodologies aligned with research objectives, allowing precise data collection.
- Managed and facilitated focus group dialogues, enhancing transparency throughout the investigation process.
- Proactively adapted research approaches based on continuous reflections and interim feedback from faculty advisers.

Logistics Coordinator

Volunteer Experience 📅 June 2025 - August 2025 📍 Chicago, IL

Oversaw logistics arrangements for a significant community event, effectively managing supplies and vendor partnerships to ensure seamless execution of activities.

- Spearheaded coordination efforts securing necessary materials through strong vendor relationships.
- Implemented an organized tracking system optimizing resource use and minimizing waste levels.
- Crafted clear communications for attendees enhancing their understanding about logistical processes.
- Led volunteer training initiatives focusing on streamlining collaborative efforts during events.
- Adaptively monitored event flow, promptly addressing issues enhancing overall event execution quality.
- Used problem-solving skills to implement contingency plans addressing unforeseen challenges as they arose.

LEADERSHIP & AWARDS

- Dean's List, University of Chicago, 2025
- First Place, Supply Chain Case Competition, 2025

CERTIFICATIONS

- Microsoft Excel Certification 📅 2026
- Supply Chain Fundamentals 📅 2026

PROFESSIONAL AFFILIATIONS

- Member, Supply Chain Club, University of Chicago, 2024-Present
- Volunteer, Chicago Food Bank, 2024-2025
