Hiring Manager
HealthCare Plus
Rochester, NH

Dear Hiring Manager,

I am thrilled to apply for the travel Certified Nursing Assistant role at HealthCare Plus, a position that entices me due to its focus on compassionate care and dynamic teamwork, where each individual's efforts culminate in enhanced patient satisfaction, impacting lives daily and illustrating just how powerful healthcare can be.

My professional background encompasses over two years of diligent service as a CNA, where I collaborated closely with nursing colleagues, yet still endured moments of uncertainty that made me push through while ensuring patients felt secure and cared for, proving I can rise up despite challenges.

At HealthCare Solutions, I delivered comprehensive support through assisting with daily living activities, where countless patients relied upon me for vital tasks akin to ensuring their dignity remained intact; documentation of their progress in health records became second nature, reaffirming my commitment to quality care.

Away from bedside assistance, I engaged in planning efforts for patient-centric care tailored to diverse needs, participating in care teams that advocated passionately for effective strategies, transforming not just health outcomes, but fostering relationships that built trust and rapport.

I am eager to extend my diverse skills and passion for nursing excellence to your team, while adapting swiftly to the unique demands evidenced through nurturing surroundings and allies, providing the utmost solace while making my aspirations for travel fulfilling and meaningful.

Thank you for considering my application.

Sincerely,

Adley Ibarra
