STRENGTHS

- Compassionate Patient Advocate**
Recognized for building strong relationships with patients, providing emotional support, and guidance during procedures that enhance overall wellbeing.
- Highly Skilled in Imaging Equipment**
Proficiently operated advanced ultrasound technologies, earning trust from colleagues and patients alike for improved diagnostic results.
- Effective Team Collaborator**
Encouraged teamwork across disciplines, seamlessly coordinating patient care activities, which created a more cohesive treatment plan.
- Proactive in Continuous Learning**
Dedicated to personal growth through professional development opportunities tailored to evolving medical technologies and techniques.
- Meticulous Attention to Detail**
Maintained high levels of accuracy in performing ultrasound studies, crucial for effective diagnosis and patient treatment plans.

SKILLS

- Diagnostic Ultrasound
- Patient Care and Education
- Imaging Equipment Operation
- Medical Documentation
- Team Collaboration
- Quality Assurance Report Writing
- Image Analysis
- Regulatory Compliance
- Equipment Maintenance
- Clinical Protocols

SUMMARY

Committed Ultrasound Technologist with over two years of experience in diverse healthcare environments, emphasizing patient care and accurate diagnostic imaging. Demonstrated ability to operate ultrasound equipment effectively, ensuring high image quality for clinical interpretations. Adept at preparing patients for procedures, communicating findings clearly to healthcare professionals, and maintaining comprehensive patient records. Strong focus on compliance with safety standards and continuous education to leverage advancements in the field. Ready to contribute expertise to a dynamic team, enhancing patient outcomes through collaborative care practices.

EXPERIENCE

Ultrasound Technologist

University Medical Center 📅 June 2025 - Present 📍 Houston, TX

- Served as Ultrasound Technologist responsible for operating diagnostic imaging equipment and collaborating with multidisciplinary teams. Engaged diligently in patient interactions and maintained accurate documentation processes.
- Operated ultrasound imaging systems efficiently for various examinations, providing high-quality images critical for diagnostics.
 - Worked closely with physicians to analyze imaging results, promptly addressing any immediate healthcare concerns.
 - Educated patients comprehensively about procedures, ensuring their comfort and understanding throughout the process.
 - Accurately recorded all imaging outcomes in electronic health systems, fostering seamless communication among medical departments.
 - Uphold rigorous safety protocols during imaging sessions, contributing to exceptional patient experiences and positive outcomes.
 - Actively engaged in continuing education courses focused on the latest developments in ultrasound technology.

Ultrasound Technician

Austin Health Clinic 📅 January 2025 - May 2025 📍 Austin, TX

- Functioned as an Ultrasound Technician, assisting senior professionals in executing routine and specialized ultrasound exams while enhancing patient experiences.
- Collaborated with experienced technologists to conduct a variety of ultrasound assessments reliably and accurately.
 - Drew upon direct interactions with patients to prepare them for procedures, ensuring a supportive environment.
 - Evaluated imaging outputs, conveying essential information to physicians to facilitate informed diagnosis and treatment selections.
 - Supported maintenance tasks for ultrasound devices, striving for precision and reliability in all imaging efforts.
 - Participated in departmental collaborations aimed at improving workflows and boosting clinical efficacy.
 - Integrated feedback from patients into service enhancements, demonstrating commitment to patient-centered care.

LEADERSHIP & AWARDS

- Excellence Award in Patient Care, University Medical Center, May 2026.
- Employee of the Quarter, Austin Health Clinic, February 2025.

EDUCATION

Associate of Applied Science in Diagnostic Medical Sonography

Austin Community College 📅 GPA: 3.8 📅 2024 📍 Austin, TX

MY CAREER

- Ultrasound Technologist at University Medical Center (1.1 Years)
- Ultrasound Technician at Austin Health Clinic (4 Months)

Coursework: *Anatomy, Patient Care, Medical Imaging Techniques, Ultrasound Physics*

CERTIFICATIONS

- American Registry of Diagnostic Medical Sonographers (ARDMS) 📅 2024
- American Heart Association BLS Certification 📅 2024

TECHNICAL SKILLS

- **Ultrasound Technology:** Echocardiography, Color Doppler, Vascular Studies
- **Medical Software:** Epic, Meditech, GE Healthcare Systems
- **Patient Assessment Tools:** Westerns Imager, Siemens Ultrasound Equipment, Phillips Imaging Systems
- **Emergency Response:** BLS Guidelines, CPR Techniques, First Aid Procedures
- **HIPAA Regulations:** Compliance Training, Patient Confidentiality, Data Protection Standards
- **Education Specifications:** Continuing Education Courses, Workshops, Online Training Programs
- **Health Information Systems:** Electronic Health Records, Scheduling Applications, Reporting Software
- **Technical Skills Competency:** Calibration Techniques, Safety Checks, Routine Maintenance
- **Communication Platforms:** Patient Portals, Medical Rounds, Multidisciplinary Meetings
- **Safety Protocols:** Infection Control, Sterile Environment Practices, Equipment Handling

PROFESSIONAL AFFILIATIONS

- Member of the American Society of Echocardiography
- Volunteer at Local Health Fairs and Screening Events
