Travel Interventional Radiology Registered Nurse

JUNE 28, 2026

Hiring Manager  
Cure Health Services  
Cudahy, WI

Dear Hiring Manager,

I am excited to express my earnest interest in the Travel Interventional Radiology Registered Nurse position at Cure Health Services, a role that aligns pristinely with my clinical experience garnered in fast-paced settings.

In my recent internship at a leading research facility, I engaged directly in varied interventional procedures, heightened patient safety protocols, and collaborated closely with cross-functional teams aimed at enriching patient care.

Communicating effectively with patients has always been my strong suit; still, I sometimes grapple with balancing empathy and efficiency during high-pressure scenarios, an aspect I'm determined to refine continually.

For instance, I played a pivotal role during a quality improvement initiative that successfully decreased procedural complications by 15%, directly enhancing the overall quality and safety of patient care procedures.

My dedication drives me to pursue ongoing education, ultimately aspiring to contribute positively to healthcare while embracing every chance to learn from the esteemed team at Cure Health Services.

Thank you for considering my application.

Sincerely,

*Santiago Joshi*
