STRENGTHS

- 🔍 **Analytical Skills**
Demonstrated strong analytical skills while performing complex laboratory analyses and drawing accurate conclusions.
- ✂️ **Process Improvement**
Continually identify opportunities to improve lab processes, resulting in faster testing times and better service quality.
- 👥 **Team Collaboration**
Frequently reached out for feedback from peers and management, creating a more cohesive work environment.
- 👁️ **Attention to Detail**
Ensured meticulous attention to detail across all lab processes, ultimately enhancing patient care and lab credibility.
- 📖 **Training & Mentorship**
Took initiative to develop training materials for new hires, contributing to their successful onboarding and retention.

SKILLS

- Laboratory Testing & Analysis
- Quality Control & Assurance
- Patient Care Support
- Laboratory Equipment Maintenance
- Regulatory Compliance
- Team Collaboration
- Technological Proficiency
- Clinical Diagnostics
- Data Management
- Troubleshooting Expertise
- Workplace Safety
- Specimen Preparation

SUMMARY

Dedicated and detail-oriented Medical Lab Scientist eager to contribute expertise in laboratory diagnostics at HealthQuest. With over two years of hands-on experience in high-volume clinical settings, ensured accuracy in test results essential for patient care. Leveraged advanced testing methodologies to elevate quality assurance while staying current with industry advancements. Collaborated closely with healthcare teams to interpret and communicate test findings effectively, facilitating informed decision-making. Training new staff on best practices not only streamlined workflows but also cultivated an environment focused on professional growth and excellence.

EXPERIENCE

Medical Lab Scientist

HealthQuest 📅 March 2026 - Present 📍 Rockford, IL

As a Medical Lab Scientist, facilitated lab operations in a fast-paced environment, directly impacting patient safety and care outcomes. Engaged daily in analyzing laboratory samples and ensuring precision throughout the testing process.

- Conducted thorough analysis of laboratory samples, guaranteeing exactness in reporting results critical for patient care.
- Implemented improved protocols that significantly reduced turnaround times, enhancing lab efficiency.
- Collaborated with multidisciplinary healthcare teams, interpreting lab results and supporting diagnostics.
- Trained incoming laboratory staff on essential procedures, fostering an effective training program that improved overall team performance.
- Regularly maintained laboratory equipment and enforced strict adherence to quality control measures.
- Engaged in continuous education initiatives, further developing skills in innovative laboratory techniques.

Laboratory Technician

Wellness Labs 📅 January 2025 - February 2026 📍 Springfield, IL

Supported lab operations as a key member of the team, dedicating efforts towards high-quality sample analysis and compliance with regulatory guidelines.

- Participated in preparing specimens for various tests, playing a vital role in the efficiency of lab workflow.
- Documented results while ensuring all records met stringent regulatory standards.
- Collaborated with senior scientists to resolve equipment issues swiftly and efficiently.
- Cross-trained in diverse laboratory functions, enhancing operational capacity and minimizing service delays.
- Contributed significantly to a project aimed at optimizing sample processing, leading to smoother operations within the lab.
- Maintained strict health and safety protocols, safeguarding the well-being of team members and patients alike.

LEADERSHIP & AWARDS

- Dean's List, University of Illinois, 2023
- Recipient of the Academic Excellence Scholarship, 2024

EDUCATION

Bachelor of Science in Medical Laboratory Science

University of Illinois 🎓 GPA: 3.8 📅 2025 📍 Champaign, IL

Critical Thinking

Equipment Calibration

Quality Improvement

MY CAREER

Medical Lab Scientist at HealthQuest (4 Months)

Laboratory Technician at Wellness Labs (1.1 Years)

Coursework: Clinical Microbiology, Hematology, Biochemistry, Immunology

CERTIFICATIONS

- Certified Medical Laboratory Scientist (ASCP) 📅 2023
- Basic Life Support (BLS) Certification 📅 2023

TECHNICAL SKILLS

- **Laboratory Instruments:** Microscopes, Centrifuges, Analyzers
- **Software Tools:** LIS, Microsoft Office, Data Analysis Software
- **Safety Protocols:** OSHA Standards, CLIA Compliance, HIPAA Regulations
- **Testing Methodologies:** PCR, ELISA, Blood Analysis
- **Collaboration Platforms:** Slack, Teams, Zoom
- **Quality Management Systems:** ISO Standards, CAP Accreditation
- **Sample Processing Techniques:** Pre-analytical handling, Post-analytical review, Analytical validation
- **Diagnostic Proficiency:** Hematology, Microbiology, Serology
- **Regulatory Standards:** FDA Guidelines, Clinical Laboratory Standards
- **Integrated Healthcare Systems:** EHR, EMR, Patient Portals

PROFESSIONAL AFFILIATIONS

- Member of the American Society for Clinical Laboratory Science (ASCLS)
- Volunteer at Local Health Clinics supporting community wellness initiatives
