SUMMARY

Compassionate Registered Nurse with over three years of oncology experience. Proven ability in delivering outstanding patient care while effectively collaborating with multidisciplinary teams. Skilled in conducting patient assessments, monitoring vital signs, and educating families on treatment plans. Committed to advancing professional skills continually and enhancing patient outcomes. Passionate about creating supportive environments that embrace the individual needs of each patient.

EXPERIENCE

Registered Nurse

Healthcare Innovations 📅 June 2023 - Present 📍 Chicago, IL

Deliver comprehensive care to oncology patients, focusing on medication administration and treatment. Collaborate closely with interdisciplinary teams to create effective patient care plans. Provide education to patients and their families about treatment protocols, medication management, and post-treatment follow-up. Maintain meticulous records of patient progress and vital signs throughout care processes.

- Administer medications and treatments tailored to oncology guidelines.
- Collaborate with doctors and healthcare professionals for optimal patient outcomes.
- Educate patients on their treatment journeys, promoting understanding.
- Document all patient interactions and vital statistics accurately.

Nurse Associate

Wellness Health Services 📅 January 2021 - May 2023 📍 Oak Park, IL

Supported oncology patients during treatment phases by ensuring comfort and administering necessary care. Conducted thorough patient assessments and maintained up-to-date documentation per care plan requirements. Worked collaboratively with physicians to optimize individualized patient care strategies. Engaged actively within teams to enhance service delivery and foster teamwork.

- Facilitated care transitions for oncology patients through effective assessment.
- Recorded vital patient data to support ongoing patient care plans.
- Actively participated in team meetings to align on patient care goals.
- Promoted a welcoming environment, aiding patient comfort and recovery.

Nursing Intern

Community Health Partners 📅 June 2020 - December 2020 📍 Naperville, IL

Assisted experienced nursing staff by taking patient vitals and supporting rooming procedures. Gained valuable hands-on clinical exposure while completing nursing training. Engaged in daily operational activities that enhanced familiarity with clinic workflows and patient care processes. Shadowed RNs and learned essential skills vital for nursing practice.

- Measured and recorded vital signs under supervision, ensuring accuracy.
- Provided support with patient rooming, facilitating caregiver-patient interactions.
- Shadowed nursing staff to understand standard clinical practices.
- Contributed positively to team dynamics and ensured quality patient experiences.

LEADERSHIP & AWARDS

- Recipient of Outstanding Clinical Practice Award at Healthcare Innovations.
- Volunteer Recognition Award for service at Community Health Partners.
