SUMMARY

Dedicated Physical Therapist with a strong foundation in acute care, specializing in trauma rehabilitation and patient recovery strategies. Holds a Doctorate in Physical Therapy and an active state license, with proven experience in delivering high-quality therapy services in fast-paced environments. Committed to improving patient outcomes through evidence-based practices and compassionate care. Adept at collaborating with multidisciplinary teams and adapting to diverse clinical settings.

EXPERIENCE

Physical Therapist

HealthFirst Rehabilitation  June 2024 - Present  Chicago, IL

Serve as Physical Therapist providing comprehensive services supporting recovery from acute injuries with a focus on individualized treatment plans. Collaborate closely with multidisciplinary medical teams to drive patient rehabilitation goals.

- Provide personalized physical therapy services enhancing patient recovery trajectories.
- Work with healthcare teams to assess condition needs, set improvement benchmarks, and document progression accurately.
- Design and lead therapeutic interventions while empowering patients through education on preventive measures.
- Conduct thorough mobility assessments for patients with level 1 trauma and develop focused methodologies.
- Ensure compliance with regulatory standards by meticulously documenting treatment outcomes.
- Engage in continuous learning initiatives, staying abreast of innovative practices within the field.

Physical Therapy Intern

CareWell Therapy Center  January 2024 - May 2024  Chicago, IL

Completed internship assisting licensed therapists in delivering care, gaining invaluable exposure to therapeutic techniques and patient management strategies. Focused on collaboration within healthcare settings to maximize patient satisfaction.

- Contributed to evaluations and treatments of diverse patient portfolios under direct supervision.
- Crafted rehabilitation exercise programs targeting various conditions promoting recovery efficiency.
- Facilitated informative sessions rewarding patients about rehabilitation exercises, encouraging proactive participation.
- Partnered with healthcare professionals to fine-tune treatment strategies ensuring optimal safety and satisfaction.
- Participated in interdisciplinary meetings refining patient approaches through group discussions.
- Actively engaged in community health initiatives, boosting awareness of physical therapy benefits.
