### SUMMARY

Dedicated Registered Nurse with two years specializing in Neonatal Intensive Care Unit (NICU) nursing. Proven track record in delivering quality care, ensuring compliance with medical protocols and advocating for patient rights. Skilled in monitoring, assessing, and designing customized care plans that prioritize infants' health and family involvement. Strives for continuous improvement through hands-on learning and team collaboration. Champion of evidence-based practices while utilizing advanced technologies to nurture premature infants.

### STRENGTHS

#### ♥ Patient Advocacy

Dedicated support often built trust links with families, who consistently sought guidance as situations demanded clinical nuance.

#### 👥 Team Collaboration

Fostered partnerships with teammates and supervisors, becoming instrumental in discussions where critical decisions were crucial.

#### 💬 Communication Skills

Expressed complex medical terms into relatable language for families, who appreciated clear pathways during top-tier tribulations.

#### 🔄 Adaptability

Thrived amid rapid-changes in clinical environments, strengthening crisp operational delivery under challenging conditions.

#### 💻 Technical Proficiency

Adept with EHR platforms; streamlined documentation led to improved operational workflow perceived favorably by specialists.

### SKILLS

NICU Care Patient Assessment

Electronic Health Records (EHR)

BLS Certified Team Collaboration

Patient Education

### EXPERIENCE

#### Nursing Intern

University Research Lab 📅 January 2026 - Present 📍 Chicago, IL

Supports neonatal care in a collaborative environment, delivering direct patient care under supervision. Provides vital contributions through assessments, documentation, and patient education. Engages in professional development via training sessions to enhance care techniques and treatment procedures.

- Assisted in delivering high-quality care to neonates by monitoring vital signs and administering medications accurately.
- Collaborated with healthcare teams bi-weekly to refine individualized care plans tailored to each patient's needs.
- Engaged families through educational sessions on neonatal care, ensuring understanding and support during critical moments.
- Contributed insights to a research project focused on the effects of environmental factors impacting premature infants.
- Participated in weekly skill enhancement training focusing on best practices in neonatal monitoring and intervention.
- Ensured accurate documentation of patient assessments within Electronic Health Records, taking accountability for data integrity.

#### Capstone Project Developer

Academic Research Project 📅 September 2025 - December 2025 📍 Chicago, IL

Developed a comprehensive care plan through simulation modeling, enhancing preparedness for real-world NICU challenges. Presented findings to peers with actionable insights for improving nursing practices.

- Crafted detailed care scenarios utilizing evidence-based methods aimed at boosting infant wellness in simulated experiments.
- Implemented advanced monitoring tools to analyze patient responses and refine nursing protocols inclusively.
- Showcased research outcomes to faculty, demonstrating potential advancements in neonatal guidelines through visual presentations.
- Gathered peer feedback to adapt care strategies, fostering growth-oriented discussions among fellow nursing students.
- Integrated academic knowledge into real-life contexts, laying groundwork for a strong professional practice.
- Established valuable connections with faculty references that contributed to career growth opportunities.

### LEADERSHIP & AWARDS

- Dean's List, University of Illinois, 2025
- Nursing Scholarship Recipient, 2024

## LANGUAGES

English Native

Spanish Proficient

## MY CAREER

● Nursing Intern at University Research Lab (5 Months)

● Capstone Project Developer at Academic Research Project (3 Months)

## EDUCATION

### Bachelor's Degree in Nursing

University of Illinois 🎓 GPA: 3.8 📅 2025 📍 Chicago, IL

**Coursework:** Adult Health Nursing, Pediatric Nursing, Pharmacology, Ethics in Nursing

## CERTIFICATIONS

- Basic Life Support (BLS) 📅 2026
- Registered Nurse License, Illinois 📅 2026

## TECHNICAL SKILLS

- **Nursing Techniques:** Neonatal Assessments, Infant Resuscitation, IV Medication Administration
- **Electronic Medical Records:** Epic, Cerner, Allscripts
- **Patient Care Standards:** Family-Centered Care, Evidence-Based Practice, Safe Sleep Practices
- **Clinical Equipment:** Infant Warmers, Bili Lights, Cardiac Monitors
- **Simulation Software:** Laerdal Simulators, Gagne Sim Center, Virtual Reality Tools
- **Leadership Skills:** Mentoring, Teaching Assistants, Team Building
- **BLS Certification:** CPR, First Aid, ACLS Techniques
- **Pediatric Specialties:** Developmental Care, Ethical Decision-Making, Trauma-Informed Care
- **Research Methodologies:** Qualitative Analysis, Quantitative Surveys, Case Study Evaluations
- **Continuing Education:** Workshops, Conferences, Online Courses

## PROFESSIONAL AFFILIATIONS

- Member, Student Nursing Association, 2024 – Present
- Volunteer, Pediatric Health Fair, 2025
