Hiring Manager
HealthFirst Medical Center
New York, NY
New York

Dear Hiring Manager,

I am excited to apply for the Travel Surgical Technologist position at HealthFirst Medical Center, where my passion for surgery and patient care meld intriguingly with my diverse experience across multiple surgical environments and the demand for adaptability in this dynamic role. This opportunity truly captivates my interest as I envision participating in various surgical procedures across different facilities while supporting surgical teams with the utmost commitment to safety and excellence.

During my tenure at City Hospital, I carefully prepared instruments and effectively sanitized supplies for over a hundred surgical procedures, ensuring compliance with rigorous safety standards while enhancing operational workflow. This role allowed me to adapt swiftly to new teams and environments, a vital skill I believe will be invaluable as I travel to different HealthFirst facilities.

Additionally, my internship at Metro Surgical Center sharpened my skills in both patient care and teamwork. I engaged directly with patients, easing their concerns and providing exceptional support before and after procedures, which I find pivotal for a successful surgical experience. While I've faced challenges during this time, each one shaped my professional growth, leading me to strive for an environment where I can positively impact patient outcomes.

I'm eager to collaborate with innovative teams at HealthFirst, ensuring that each procedure runs smoothly and efficiently. I understand the importance of maintaining exceptional standards of care, and I am committed to continuous learning to keep up with advancements in surgical techniques. This commitment pairs nicely with my aspirations to contribute meaningfully to your esteemed organization by embracing its mission and values.

Thank you for considering my application.

Sincerely,

Willa Fuentes
