STRENGTHS

- 📊 **Analytical Skills**
Exercised strong analytical skills efficiently in interpreting sonograms which improved clinicians' decision-making quality.
- 👥 **Team Collaboration**
Worked seamlessly with cross-functional teams, receiving praise for creating cohesive strategies in complex medical cases.
- ♥️ **Patient-Focused Care**
Demonstrated exceptional commitment to patient wellbeing by tailoring protocols to enhance comfort and treatment effectiveness.
- 👩 **Mentorship**
Frequently mentored colleagues and students, leading knowledge-sharing sessions enhancing overall team proficiency.
- ✅ **Quality Assurance**
Effectively implemented quality assessment routines which maintained high standards necessary for accreditation success.

SKILLS

- Diagnostic Ultrasound
- Patient Care
- Team Collaboration
- Medical Imaging Technology
- Quality Assurance
- Clinical Documentation
- Critical Thinking
- Interpersonal Skills
- Procedural Techniques
- Regulatory Compliance
- Equipment Operation
- Research Participation

SUMMARY

Dedicated ultrasound technician with extensive training in diagnostic imaging and patient care. Proficient at conducting advanced ultrasound exams, interpreting results, and engaging collaboratively with healthcare teams. Committed to safety protocols while enhancing patient experiences through effective communication and teamwork. Experienced in assisting complex procedures and mentoring fellow staff, contributing positively to an institution's culture and service quality. Excited to bring knowledge and a patient-centered approach to MediTech Solutions. Eager to contribute to technical procedures and improve workflows in clinical settings, ensuring high standards of care.

EXPERIENCE

Ultrasound Technician

MediCare Diagnostics 📅 May 2024 – Present 📍 Tampa, FL

Serve as an ultrasound technician responsible for high-quality imaging across various medical environments, supporting both inpatient and outpatient services.

- Conduct advanced diagnostic ultrasound imaging, focusing on abdomen, vascular, and OB/GYN exams in diverse clinical settings.
- Collaborate with interdisciplinary teams during invasive procedures ensuring optimal patient outcomes and comfort.
- Utilize critical thinking skills for analyzing sonograms and generating preliminary diagnoses to assist physicians in treatment decisions.
- Integrate comprehensive medical histories and data into customized imaging processes that meet individual patient needs.
- Maintain rigorous compliance with isolation and sterile technique guidelines, greatly enhancing patient safety and procedure integrity.
- Contribute to departmental innovations by implementing new technologies in sonographic practices, ultimately elevating service standards.

Ultrasound Technician

Radiology Associates 📅 March 2022 – April 2024 📍 Miami, FL

Executed ultrasound procedures with a focus on precision, facilitating patient-focused care and innovative approaches.

- Maintained superior quality in ultrasound examinations, demonstrating expert-level patient care and accuracy.
- Participated actively in complex invasive procedures, fostering teamwork to ensure seamless operations and highest patient well-being.
- Continued personal development in advanced sonography techniques, heightening diagnostic capabilities within the department.
- Managed equipment maintenance and performed quality assessments vital for maintaining accreditation compliance.
- Guided junior technicians and students, sharing knowledge and experience to strengthen their professional capacities.
- Led initiatives aimed at refining processes through collaboration, reinforcing a constructive team atmosphere.

Ultrasound Intern

Health Imaging Solutions 📅 August 2021 – February 2022 📍 Orlando, FL

Assisted senior technologists in providing excellent diagnostic imaging, acquiring foundational expertise in ultrasound practices.

- Supported established technicians during ultrasound imaging, gaining hands-on experience across multiple modalities.
- Aided in patient preparation, prioritizing comfort and clarity while explaining procedures prior to exams.

MY CAREER

4.8

YEARS

●

Ultrasound Technician at MediCare Diagnostics (2.2 Years)

●

Ultrasound Technician at Radiology Associates (2.1 Years)

●

Ultrasound Intern at Health Imaging Solutions (6 Months)

- Assisted in routine maintenance of imaging devices and ensured effectiveness of safety protocols through thorough checks.
- Engaged thoroughly in educational sessions about sonography principles, expanding understanding of best practices.
- Collaborated on projects aimed at enhancing care delivery and operational practices, showing early enthusiasm for innovation.

LEADERSHIP & AWARDS

Dean's List, Florida College of Health Sciences (2024, 2025)

Student Excellence Award in Diagnostic Imaging (2025)

EDUCATION

Associate of Applied Science in Diagnostic Medical Sonography

Florida College of Health Sciences 🎓 GPA: 3.8 📅 2026 📍 Orlando, FL

Coursework: Sonography Principles, Pathophysiology, Patient Care, Imaging Technology

CERTIFICATIONS

ARDMS Registered in Abdomen, OB/GYN, and RVT 📅 2026

Basic Life Support (BLS) Certification 📅 2026

TECHNICAL SKILLS

Imaging Tools: Ultrasound Machines, Doppler Ultrasound, Color Flow Imaging

Patient Management Systems: Epic, Cerner, Meditech

Sterile Techniques: Aseptic Procedures, Isolation Protocols, Preventive Measures

Workflow Improvement Methodologies: Lean, Six Sigma, Process Mapping

Healthcare Regulations: HIPAA Compliance, OSHA Standards, JCAHO Guidelines

Professional Development Courses: Advanced Prosthetics, Quality Control, Leadership Techniques

Clinical Assessment: Medial History Review, Patient Interaction, Diagnostic Interventions

Continuing Education: New Technologies, Latest Research, Advanced Techniques

Quality Assessment Practices: Equipment Calibration, Routine Maintenance, Quality Audits

Collaboration Tools: Microsoft Teams, Slack, Zoom

PROFESSIONAL AFFILIATIONS

Member, Student Sonography Association (2023-Present)

Volunteer, Community Health Fair (2025)
