SUMMARY

Accomplished cybersecurity professional with over 9 years driving security initiatives and enhancing client relationships across sectors. Expertise includes frameworks to ensure compliance, incident response excellence, and risk management strategies tailored to best practices. A dedicated leader cultivating junior talent while championing business development. This role allows for translating complex technical concepts into impactful business proposals, making contributions that resonate at board levels while securing new clients.

EXPERIENCE

Virtual CISO & Cybersecurity Practice Lead June 2022 - Present
Innovative Cybersecurity Solutions *Chicago, IL*

Manage virtual CISO services for diverse mid-market clients. Ensure adherence to SOC 2 and HIPAA standards while overseeing comprehensive threat assessments.

- Lead frameworks like SOC 2, HIPAA, and NIST CSF alongside incident response planning.
- Conduct thorough risk assessments and develop detailed incident plans customized to varied client needs.
- Spearhead integration of AI-driven tools for enhanced vulnerability detection and security monitoring.
- Establish strong rapport with executive teams, delivering insightful presentations on security posture.

Senior Cybersecurity Consultant March 2018 - May 2022
Secure Tech Consulting *Los Angeles, CA*

Delivered expert cybersecurity consulting, augmenting client frameworks through thorough penetration testing and compliance strategy development.

- Executed rigorous security evaluations through liaising with clients to strengthen their cybersecurity positions.
- Managed projects aligning with compliance benchmarks such as PCI-DSS and CCPA, ensuring standardization and efficiency.
- Championed new business opportunities, expanding service array via successful client engagement initiatives.
- Crafted bespoke security policies and responsive strategies addressing specific client vulnerabilities.

LEADERSHIP & AWARDS

- Awarded 'Rising Leader' during coursework for leadership potential in cybersecurity initiatives.

EDUCATION

Bachelor's Degree in Cybersecurity 2017
University of Chicago GPA: 3.8 *Chicago, IL*

Coursework: Network Security, Ethical Hacking, Risk Management, Incident Response
