SUMMARY

Dedicated Virtual Medical Assistant with over two years' experience supporting healthcare practices through front desk operations, including patient interaction and administrative management. Skilled in using EMR systems to maintain medical records while ensuring compliance with regulations. Strong team player focused on improving the patient experience by streamlining appointment scheduling and enhancing communication. Eager to contribute positively to a practice dedicated to home care nursing, applying skills in patient eligibility verification and handling inquiries with empathy and efficiency.

EXPERIENCE

Virtual Medical Assistant

Healthcare Solutions Inc.  April 2025 - Present  Remote

Currently providing essential front desk support for a virtual medical practice specializing in home care nursing. This role requires adept handling of patient interactions and operational tasks that directly impact service quality and patient trust.

- Manage patient check-in/check-out, ensuring accurate collection of co-pays and updates in EMR.
- Answer incoming patient calls, focusing on resolving inquiries rapidly and confirming appointments.
- Verify eligibilities and benefits, effectively communicating critical information regarding patient coverage.
- Streamline communication flows via Ring Central, fostering better interactions between patients and healthcare providers.
- Collaborate closely with clinical staff to expedite patient flow and enhance overall operational efficacy.
- Maintain organized scheduling records and ensure prompt modifications as needed to support team demands.

Front Desk Coordinator

Wellness Medical Group  January 2024 - March 2025  Remote

Supported a fast-paced telehealth practice's front desk operations, emphasizing communication and patient satisfaction in all endeavors.

- Coordinated schedules for multiple doctors while managing digital medical records accurately per HIPAA standards.
- Enhanced patient experiences by quickly addressing queries and facilitating smooth appointment adjustments.
- Led efforts to train new coordinators on EMR and effective front desk protocols, improving onboarding time.
- Verified and communicated insurance coverage details clearly, helping patients navigate their options confidently.
- Built strong rapport with patients, contributing to higher retention rates through quality support during appointments.
- Collaborated with the management team to enhance operational processes for improved service delivery.
